This complaint is issued to the City of Modesto Water Quality Control Facility (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability, CWC section 13323, which authorizes the Executive Officer to issue this complaint, and CWC section 7 which authorizes the delegation of the Executive Officer’s authority to a deputy, in this case the Assistant Executive Officer. This complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order No. 5-01-120 (NPDES No. CA0079103).

The Assistant Executive Officer of the Central Valley Regional Water Quality Control Board (Regional Water Board) finds the following:

1. The Discharger owns and operates the City of Modesto Water Quality Control Facility (WWTP), which provides sewerage service to the community of Modesto in Stanislaus County. Treated domestic, commercial and industrial wastewater is discharged to the San Joaquin River, a water of the United States.

2. On 11 May 2001, the Regional Water Board adopted WDRs Order No. 5-01-120. The WDRs include effluent limitations and other requirements regarding the wastewater discharge.

3. CWC Section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

   CWC section 13385(h)(1) states, “Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.”

   CWC section 13385(h)(2) states, “For the purposes of this section, a "serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.”

   CWC section 13385(i)(1) states, “Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive
months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

A) Violates a waste discharge requirement effluent limitation.
B) Fails to file a report pursuant to Section 13260.
C) Files an incomplete report pursuant to Section 13260.
D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.”

4. CWC Section 13323 states, in part:

“Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.”

5. WDRs Order No. 5-01-120 Effluent Limitations No. B. 1 include, in part, the following effluent limitations:

6. According to the Discharger’s self-monitoring reports, the Discharger committed one (1) serious violation of the effluent limitations contained in Order No. 5-01-120 during the period beginning 11 May 2001 and ending 30 November 2007, because the measured constituent exceeded the maximum prescribed level by more than 20 percent on this occasion. The mandatory minimum penalty for this serious violation is three thousand dollars ($3,000).

7. According to the Discharger’s self-monitoring reports, the Discharger committed six (6) non-serious violations of the effluent limitations contained in Order No 5-01-120 during the period beginning 11 May 2001 and ending 30 November 2007. The six (6) non-serious violations are not subject to mandatory penalties under CWC Section 13385 (i)(1), because these violations were not preceded by three or more similar violations within a six-month period.

8. The total amount of the mandatory penalty assessed for the cited effluent violation is three thousand dollars ($3,000). A detailed list of all the effluent violations is included in Attachment A, a part of this Order.

9. Issuance of this Administrative Civil Liability Complaint to enforce CWC Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act
THE CITY OF MODESTO IS HEREBY GIVEN NOTICE THAT:

1. The Assistant Executive Officer of the Regional Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of $3,000.
