This Complaint is issued to the City of Turlock (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability, and CWC section 13323, which authorizes the Executive Officer to issue this Complaint. This Complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Orders 5-01-122 and R5-2010-0002 (NPDES No. CA0078948).

The Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) finds the following:

1. The Discharger owns and operates the City of Turlock Water Quality Control Facility (WQCF), which provides sewerage service to the City of Turlock in Stanislaus County. Treated domestic, commercial and industrial wastewater is discharged to Harding Drain downstream of the Turlock Irrigation District Lateral No. 5 Drain, a tributary to the San Joaquin River.

2. On 11 May 2001, the Central Valley Water Board adopted WDRs Order No. 5-01-122, which contained new regulations and rescinded Order No. 95-059. On 28 January 2010 effective 19 March 2010, the Board issued WDRs Order R5-2010-0002, which contained new requirements and rescinded WDRs Order 5-01-122, except for enforcement purposes. On 28 January 2010, the Board also issued Time Schedule Order (TSO) No. R5-2010-0003. TSO R5-2010-0003 provides a time schedule to comply with final effluent limitations for aluminum, carbon tetrachloride, chlorodibromomethane, copper, dichlorobromomethane, nitrate nitrogen, and selenium by 31 December 2014. TSO No. R5-2010-0003 also contains interim effluent limitations for these constituents.

3. On 29 July 2008, the Assistant Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2008-0566 for mandatory minimum penalties for effluent violations (identified in Attachment A to ACLC R5-2008-0566) that occurred from 1 January 2000 through 31 December 2007. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2008-0566 to be resolved.

4. This Complaint addresses administrative civil liability for effluent violations that occurred during the period from 1 January 2008 through 30 November 2010. These violations are specifically identified in Attachment A to this Complaint as subject to mandatory minimum
penalties. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.

5. On 24 January 2011, Central Valley Water Board staff issued the Discharger a draft Record of Violations (ROV). The Discharger responded on 3 February 2011 and concurred. However, Central Valley Water Board staff also re-evaluated the alleged 10 January 2010 coliform violation and dismissed it because it was cited in error.

6. CWC section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

   CWC section 13385(h)(1) states:

   Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.

   CWC section 13385 (h)(2) states:

   For the purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

   CWC section 13385 subdivision (i)(1) states, in part:

   Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

   A) Violates a waste discharge requirement effluent limitation.
   B) Fails to file a report pursuant to Section 13260.
   C) Files an incomplete report pursuant to Section 13260.
   D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. CWC section 13323 states, in part:

   Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.
8. WDRs Order 5-01-122 Effluent Limitations No. B.1, include, in part, the following effluent limitations:

<table>
<thead>
<tr>
<th>Constituent</th>
<th>Unit</th>
<th>Monthly Average</th>
<th>Weekly Average</th>
<th>Monthly Median</th>
<th>Daily Maximum</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chlorine</td>
<td>mg/L</td>
<td>0.01</td>
<td></td>
<td></td>
<td>0.02</td>
</tr>
</tbody>
</table>

9. According to the Discharger’s self-monitoring reports, the Discharger committed one (1) serious Group I violation of the above effluent limitation contained in WDRs Orders 5-01-122 and R5-2010-0002 during the period beginning 1 January 2008 and ending 30 November 2010 as identified in Attachment A. This violation is defined as serious because the measured concentration of a Group I constituent exceeded maximum prescribed level in WDRs Order 5-01-0122 by 40 percent or more. The mandatory minimum penalty for this serious violation is **three thousand dollars ($3,000)**.

10. The total amount of the mandatory penalties assessed for the cited effluent violation is **three thousand dollars ($3,000)**. As stated herein, a detailed list of the cited effluent violation is included in Attachment A. This Complaint addresses administrative civil liability for the violation that is specifically identified in Attachment A as subject to a mandatory minimum penalty.

11. Issuance of this Administrative Civil Liability Complaint to enforce CWC Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

**THE DISCHARGER IS HEREBY GIVEN NOTICE THAT:**

1. The Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **three thousand dollars ($3,000)**.

2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **8/9/10 June 2011**, unless the Discharger does one of the following by **13 April 2011**:

   a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board, along with payment for the proposed civil liability of **three thousand dollars ($3,000)**; or

   b) The Central Valley Water Board agrees to postpone any necessary hearing after the Discharger requests to engage in settlement discussions by checking off the box next to Option #2 on the attached form, and returns it to the Board along with a letter describing the issues to be discussed; or

   c) The Central Valley Water Board agrees to postpone any necessary hearing after the Discharger requests a delay by checking off the box next to Option #3 on the attached
form, and returns it to the Board along with a letter describing the issues to be discussed.

3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.

4. If this matter proceeds to hearing, the Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.

Attachment A: Record of Violations
WAIVER FORM
FOR ADMINISTRATIVE CIVIL LIABILITY COMPLAINT

By signing this waiver, I affirm and acknowledge the following:

I am duly authorized to represent the City of Turlock (hereafter Discharger) in connection with Administrative Civil Liability Complaint R5-2011-0530 (hereafter Complaint). I am informed that California Water Code section 13323, subdivision (b), states that, "a hearing before the regional board shall be conducted within 90 days after the party has been served. The person who has been issued a complaint may waive the right to a hearing."

☐ (OPTION 1: Check here if the Discharger waives the hearing requirement and will pay in full.)
   a. I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board.
   b. I certify that the Discharger will remit payment for the proposed civil liability in the full amount of three thousand dollars ($3,000) by check that references "ACL Complaint R5-2011-0530" made payable to the State Water Pollution Cleanup and Abatement Account. Payment must be received by the Central Valley Water Board by 13 April 2011.
   c. I understand the payment of the above amount constitutes a proposed settlement of the Complaint, and that any settlement will not become final until after a 30-day public notice and comment period. Should the Central Valley Water Board receive significant new information or comments during this comment period, the Central Valley Water Board’s Executive Officer may withdraw the complaint, return payment, and issue a new complaint. I also understand that approval of the settlement will result in the Discharger having waived the right to contest the allegations in the Complaint and the imposition of civil liability.
   d. I understand that payment of the above amount is not a substitute for compliance with applicable laws and that continuing violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional civil liability.

☐ (OPTION 2: Check here if the Discharger waives the 90-day hearing requirement in order to engage in settlement discussions.) I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint, but I reserve the ability to request a hearing in the future. I certify that the Discharger will promptly engage the Central Valley Water Board Prosecution Team in settlement discussions to attempt to resolve the outstanding violation(s). By checking this box, the Discharger requests that the Central Valley Water Board delay the hearing so that the Discharger and the Prosecution Team can discuss settlement. It remains within the discretion of the Central Valley Water Board to delay the hearing. Any proposed settlement is subject to the conditions described above under “Option 1.”

☐ (OPTION 3: Check here if the Discharger waives the 90-day hearing requirement in order to extend the hearing date and/or hearing deadlines. Attach a separate sheet with the amount of additional time requested and the rationale.) I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint. By checking this box, the Discharger requests that the Central Valley Water Board delay the hearing and/or hearing deadlines so that the Discharger may have additional time to prepare for the hearing. It remains within the discretion of the Central Valley Water Board to approve the extension.

Remarks:
1. Serious Violation: For Group I pollutants that exceed the effluent limitation by 40 percent or more.
2. Serious Violation: For Group II pollutants that exceed the effluent limitation by 20 percent or more.
3. Non-serious violation falls within the first three violations in a six-month period, thus is not subject to MMPs.
4. Non-serious violation subject to mandatory minimum penalties.

VIOLATIONS AS OF: 11/30/2010
Group I Serious Violations: 1
Group II Serious Violations: 0
Non-Serious Violations Not Subject to MMPs: 0
Non-serious Violations Subject to MMPs: 0
Total Violations Subject to MMPs: 1

Mandatory Minimum Penalty = (1 serious Violation + 0 Non-Serious Violations) x $3,000 = $3,000
