This Complaint is issued to the City of Davis (hereafter Discharger) pursuant to California Water Code (Water Code) section 13385, which authorizes the imposition of Administrative Civil Liability, Water Code section 13323, which authorizes the Executive Officer to issue this Complaint and Water Code section 7, which authorizes the delegation of the Executive Officer’s authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on allegations that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Orders R5-2007-0132-02 and R5-2013-0127 (NPDES No. CA0079049).

The Assistant Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) alleges the following:

1. The Discharger owns and operates a municipal wastewater collection, treatment, and disposal system, and provides sewerage service within the City of Davis. Treated municipal wastewater is discharged to either the Willow Slough Bypass or the Conway Ranch Toe Drain, both waters of the United States, and tributary to the Yolo Bypass.

3. On 18 March 2010, the Board issued Time Schedule Order (TSO) R5-2010-0029. TSO R5-2010-0029 provided a time schedule to comply with final effluent limitations for cyanide and selenium by 31 January 2015. The TSO was amended on 23 September 2010 by TSO-R5-2010-0029-01 which added a time schedule to comply with final effluent limitations for copper by 30 September 2014. On 4 October 2013, the Board amended and adopted TSO R5-2010-0029-02, which reflects WDRs Order R5-2013-0127 and included interim average monthly limitations for cyanide and selenium. This Complaint considers the exemption from mandatory minimum penalties provided by the Time Schedule Orders.

4. On 11 January 2013, the Assistant Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2013-0507 for mandatory minimum penalties for effluent violations occurring between 1 August 2010 and
30 September 2012. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2013-0507 to be resolved.

5. This Complaint addresses administrative civil liability for effluent violations that occurred between 1 October 2012 and 31 March 2014. These violations are specifically identified in Attachment A to this Complaint as subject to mandatory minimum penalties. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.

6. On 6 June 2014, Central Valley Water Board staff issued the Discharger a Notice of Violation and draft Record of Violations for effluent limitation violations from 1 October 2012 through 31 March 2014. On 23 June 2014, the Discharger responded and agreed with the violations.

7. Water Code section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

Water Code section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.

Water Code section 13385 (h)(2) states:

For the purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

Water Code section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

(A) Violates a waste discharge requirement effluent limitation.
(B) Fails to file a report pursuant to Section 13260.
(C) Files an incomplete report pursuant to Section 13260.
(D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.
8. Water Code section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

9. WDRs Order R5-2013-0127 Interim Effluent Limitations IV.A.3.a., include, in part, the following effluent limitations:

a. Effective immediately and ending on 25 October 2017, the Discharger shall maintain compliance with the interim effluent limitations shown in Table 8...

10. WDRs Order R5-2013-0127 Effluent Limitations IV.A.1.d., include, in part, the following effluent limitations:

d. Total Residual Chlorine: Effluent total residual chlorine shall not exceed:
   - 0.011 mg/L, as a 4-day average; and
   - 0.019 mg/L, as a 1-hour average

11. According to the Discharger’s self-monitoring reports, the Discharger committed five (5) serious Group II violations of the above effluent limitations contained in WDRs Order R5-2013-0127, as shown in Attachment A. These violations are defined as serious because measured concentrations of Group II constituents exceeded maximum prescribed levels in WDRs Order R5-2013-0127 by 20 percent or more. The mandatory minimum penalty for these serious violations is **fifteen thousand dollars ($15,000)**.

12. According to the Discharger’s self-monitoring reports, the Discharger committed one (1) non-serious violation of the above effluent limitation contained in Order R5-2013-0127. The non-serious violation is subject to mandatory penalty under Water Code section 13385 subdivision (i)(1) because the violation was preceded by three or more similar violations within a six-month period. The mandatory minimum penalty for the non-serious violation is **three thousand dollars ($3,000)**.

13. The total amount of the mandatory penalties assessed for the alleged effluent violations is **eighteen thousand dollars ($18,000)**. As stated herein, a detailed list of the alleged effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.

14. On 14 February 2014, the Executive Officer designated Andrew Altevogt, Assistant Executive Officer, as the Lead Prosecution Officer for all enforcement matters originating
in the Central Valley Region. The 14 February 2014 Delegation of Authority also
authorizes Andrew Altevogt to issue Administrative Civil Liability Complaints.

15. Issuance of this Administrative Civil Liability Complaint to enforce Water Code Division 7,
Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act
(Pub. Resources Code section 21000 et seq.), in accordance with California Code of
Regulations, title 14, section 15321(a)(2).

CITY OF DAVIS IS HEREBY GIVEN NOTICE THAT:

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the
Discharger be assessed an Administrative Civil Liability in the amount of eighteen
thousand dollars ($18,000).

2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled
on 4/5 December 2014, unless the Discharger does one of the following by 8 October
2014:

      Option 1) and returning it to the Central Valley Water Board. In addition, submits
      payment for the proposed civil liability of eighteen thousand dollars ($18,000) to the
      State Water Board, with a copy of the check to the Central Valley Water Board; or
   b) Requests to engage in settlement discussions by checking the box next to Option 2 on
      the attached form, and returning it to the Board along with a letter describing the
      issues to be discussed. The Central Valley Water Board must agree to the
      postponement; or
   c) Requests to delay the hearing by checking off the box next to Option 3 on the
      attached form, and returning it to the Board along with a letter describing the proposed
      length of delay and the issues to be discussed. The Central Valley Water Board must
      agree to the postponement.

3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to
affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the
matter to the Attorney General for recovery of judicial civil liability.

4. If this matter proceeds to hearing, the Assistant Executive Officer reserves the right to
amend the proposed amount of civil liability to conform to the evidence presented,
including but not limited to, increasing the proposed amount to account for the costs of
enforcement (including staff, legal and expert witness costs) incurred after the date of the
issuance of this Complaint through completion of the hearing.

Attachment A: Record of Violations
WAIVER FORM
FOR ADMINISTRATIVE CIVIL LIABILITY COMPLAINT

By signing this waiver, I affirm and acknowledge the following:

I am duly authorized to represent the City of Davis (hereafter Discharger) in connection with Administrative Civil Liability Complaint R5-2014-0552 (hereafter Complaint). I am informed that California Water Code section 13323, subdivision (b), states that, “a hearing before the regional board shall be conducted within 90 days after the party has been served. The person who has been issued a complaint may waive the right to a hearing.”

☐ (OPTION 1: Check here if the Discharger waives the hearing requirement and will pay in full.)

a. I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board.

b. I certify that the Discharger will remit payment for the proposed civil liability in the full amount of eighteen thousand dollars ($18,000) by check that references “ACL Complaint R5-2014-0552” made payable to the State Water Pollution Cleanup and Abatement Account. Payment must be received by the State Water Resources Control Board, Accounting Office, Attn: ACL Payment at PO Box 1888, Sacramento, California, 95812-1888 by 8 October 2014. The waiver and a copy of the check must be submitted to the Central Valley Water Board at 11020 Sun Center Drive #200, Rancho Cordova California, 95670 by 8 October 2014.

c. I understand the payment of the above amount constitutes a proposed settlement of the Complaint, and that any settlement will not become final until after a 30-day public notice and comment period. Should the Central Valley Water Board receive significant new information or comments during this comment period, the Central Valley Water Board’s Executive Officer may withdraw the complaint, return payment, and issue a new complaint. I also understand that approval of the settlement will result in the Discharger having waived the right to contest the allegations in the Complaint and the imposition of civil liability.

d. I understand that payment of the above amount is not a substitute for compliance with applicable laws and that continuing violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional civil liability.

☐ (OPTION 2: Check here if the Discharger waives the 90-day hearing requirement in order to engage in settlement discussions.) I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint, but I reserve the ability to request a hearing in the future. I certify that the Discharger will promptly engage the Central Valley Water Board Prosecution Team in settlement discussions to attempt to resolve the outstanding violation(s). By checking this box, the Discharger requests that the Central Valley Water Board delay the hearing so that the Discharger and the Prosecution Team can discuss settlement. It remains within the discretion of the Central Valley Water Board to agree to delay the hearing. Any proposed settlement is subject to the conditions described above under “Option 1.”

☐ (OPTION 3: Check here if the Discharger waives the 90-day hearing requirement in order to extend the hearing date and/or hearing deadlines. Attach a separate sheet with the amount of additional time requested and the rationale.) I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint. By checking this box, the Discharger requests that the Central Valley Water Board delay the hearing and/or hearing deadlines so that the Discharger may have additional time to prepare for the hearing. It remains within the discretion of the Central Valley Water Board to approve the extension.
