Dear Ms. Messina:

We appreciate the opportunity to provide final comments (Enclosure) on the Tentative Order, and the time you, Mr. Landau, and Dr. Carlson provided us to meet and discuss our draft comments on May 18, 2007. Prior to the Tentative Order's adoption by your Board, we look forward to resolving the outstanding issues with you, thereby assisting you in the development of a Tentative Order that both Central Valley Regional Water Quality Control Board (Regional Water Board) and El Dorado Irrigation District (District) staff can support
