**NOTICE
TENTATIVE ORDER
REVISED WASTE DISCHARGE REQUIREMENTS
FOR
GRANT PARK DEVELOPMENT, INC.
DUNNIGAN WATER WORKS WASTEWATER TREATMENT FACILITY
YOLO COUNTY**

TO ALL CONCERNED PERSONS AND AGENCIES:

Grant Park Development, Inc. (Discharger) owns and operates the Dunnigan Water Works wastewater treatment facility (WWTF), which is currently regulated by WDRs Order No. 93-176. The Discharger plans to improve and expand the WWTF to accommodate flows from two planned development projects: the North Valley Depot near the existing WWTF and the Dunnigan Truck and Travel Center. The planned developments will include retail and office space, motels, gas stations, a truck stop, and restaurants. The new development will be constructed in phases.

The WWTF expansion project will provide a new treatment plant which will provide full secondary treatment in lined ponds. The effluent will be disinfected and used to irrigate crops at two effluent recycling areas, which at full build will total about 41 acres.

The California Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board) will consider adoption of revised WDRs to regulate the existing wastewater treatment facility (in the interim) and the new facility (when construction of the first phase of expansion is complete).

A public hearing concerning this matter will be held during a Central Valley Water Board meeting that is scheduled for:

DATE: **27/28/29 January 2010**
TIME: **8:30 AM**
PLACE: Regional Water Quality Control Board, Central Valley Region
11020 Sun Center Dr., Suite #200
Rancho Cordova, CA 95670

California Environmental Protection Agency

Any comments or recommendations you may have concerning the enclosed tentative Order must be submitted in writing to this office by close of business on **7 December 2009** so that we may give them full consideration prior to the above scheduled meeting of the Central Valley Water Board.

Also, to conserve paper and reduce mailing costs, a paper copy of the tentative Order has been sent only to the Discharger. Interested parties are advised that the full text of the proposed Order is available on the Central Valley Water Board's web site at

http://www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders.

Copies of these documents may also be obtained by contacting contact me at (916) 464-4732 or by email at mserra@waterboards.ca.gov.
