This is my statement of OPPOSITION to:  
THE \$2 BILLION PROPOSED  
WATER TREATMENT PLANT PROJECT

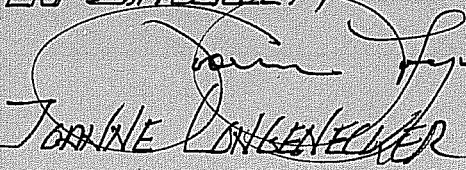

This is NOT the time for something like this  
which would drastically increase our sewer bills  
(when so many of us are ALREADY STRUGGLING  
just to stay afloat in this down economy).

WHAT ARE YOU THINKING!

NOT EVERYONE had poor enviable incomes.  
I'm retired and increasing health care premiums  
(27+% increase for 2011)\* (an equally bad  
increase last year) and rent is killing me  
now.

NO NO NO NO MORE!!!

VERY SINCERELY,

  
JOANNE DUNGECKER

x to \$275/mo  
leaving barely \$1,000/mo  
for EVERYTHING else!!!
