Mr. Richard Sykora  
Wildcat Mining Enterprises, L.L.C.  
P.O. Box 622  
Foresthill, CA 95631

Dear Mr. Sykora:

Thank you for submitting the proposed plan of operations on behalf of *Wildcat Mining Enterprises L.L.C.* that is dated March 16, 2012 and received in this office on March 19, 2012. According to its proposed plan of operations, the *Wildcat Mining Enterprises L.L.C.*'s mine project is located within the boundaries of the *Big Seam* and *Red Ink Maid* lode mining claims on National Forest System lands within the American River Ranger District, Tahoe National Forest in Placer County at Section 32, T14N, R11E, MDBM.

While you submitted a "Delegation of LLC Authority" with the proposed plan of operations, the delegation is inadequate as it is not signed by the members and does not even identify who the members of the company are. Before I can process the proposed plan further, I will need to obtain from you the Articles of Organization and by-laws or any other agreement between the members as that identifies who has the authority to manage the company and enter into binding agreements for the company. In addition, because this company is a Nevada company, I will need a copy of the registration document that shows that the company is registered in California to do business in California.

Also, in the proposed plan, in a number of instances where information is requested, it states "on file." So that there is no confusion between the company and the Forest Service, please provide a proposed plan of operations with complete information.

It is important that you provide these documents so that I can expedite the processing of your proposed plan. Please supply the requested information within 14-days of receipt of this letter. If you have questions please feel free to contact me at 530-367-2224, extension 238.

Sincerely,

CHRIS FISCHER  
District Ranger

# PLAN OF OPERATIONS FOR MINING ACTIVITIES ON NATIONAL FOREST SYSTEM LANDS

USE OF THIS FORM IS OPTIONAL 1<sup>st</sup> TIME USERS SHOULD DIRECT QUESTIONS REGARDING THIS FORM OR REGULATIONS (36 CFR 228A) TO THE FOREST SERVICE DISTRICT OFFICE NEAREST YOUR AREA OF INTEREST.

Submitted by: Richard Sykora Manager 16 Mar, '12  
Signature Title Date  
(mm/dd/yy)

Plan Received by: [Signature] District Ranger 3/19/12  
Signature Title Date  
(mm/dd/yy)

## I. GENERAL INFORMATION

- A. Name of Mine/Project: Wildcat Mining Enterprises L.L.C.
- B. Type of Operation: Lode  
(lode, placer, mill, exploration, development, production, other)
- C. Is this a (new/continuing) operation? (check one). If continuing a previous operation, this plan (replaces/modifies/supplements) a previous plan of operations. (check one)
- D. Proposed start-up date (mm/dd/yy) of operation: March 19, 2012
- E. Expected total duration of this operation: 2038
- F. If seasonal, expected date (mm/dd/yy) of annual reclamation/stabilization close out: \_\_\_\_\_
- G. Expected date (mm/dd/yy) for completion of all required reclamation: \_\_\_\_\_

## II. PRINCIPALS

- A. Name, address and phone number of operator: Wildcat Mining Enterprises L.L.C.  
711 South Carson St. #4 Carson City, NV. 89701 (775) 882-4641
- B. Name, address, and phone number of authorized field representative (if other than the operator).  
Attach authorization to act on behalf of operator. Richard Sykora - Manager  
PO Box 622 Foresthill, CA. 95631 (530) 367-4067 (see attachment)
- C. Name, address and phone number of owners of the claims (if different than the operator):  
Red Ink Maid L.L.C. 711 So. Carson St #4 Carson City, NV. 89701 (775) 882-4641  
Red Ink L.L.C. 311 So. Division St. Carson City, NV. 89703 (775) 688-3061
- D. Name, address and phone number of any other lessees, assigns, agents, etc., and briefly describe their involvement with the operation, if applicable:  
Wildcat Mining Enterprises L.L.C. 711 So. Carson St. #4 Carson City, NV. 89701 (775) 882-4641 - Operator

(If more space is needed to fill out a block of information, use additional sheets and attach form)

III. PROPERTY OR AREA

Name of claim, if applicable, and the legal land description where the operation will be located.

MC#	Name	Section	Township	Range
29687	Red Ink Maid	32	14 N	11 E M.D.B.
29686	Big Seam	32	14 N	11 E M.D.B.

IV. DESCRIPTION OF THE OPERATION

A. Access. Show on a map (USGS quadrangle map or a National Forest map, for example) the claim boundaries, if applicable, and all access needs such as roads and trails, on and off the claim. Specify which Forest Service roads will be used, where maintenance or reconstruction is proposed, and where new construction is necessary. For new construction, include construction specifications such as widths, grades, etc., location and size of culverts, describe maintenance plans, and the type and size of vehicles and equipment that will use the access routes.

ON FILE

B. Map, Sketch or Drawing. Show location and layout of the area of operation. Identify any streams, creeks or springs if known. Show the size and kind of all surface disturbances such as trenches, pits, settling ponds, stream channels and run-off diversions, waste dumps, drill pads, timber disposal or clearance, etc. Include sizes, capacities, acreage, amounts, locations, materials involved, etc.

ON FILE

(If more space is needed to fill out a block of information, use additional sheets and attach form)

C. **Project Description.** Describe all aspects of the operation including mining, milling, and exploration methods, materials, equipment, workforce, construction and operation schedule, power requirements, how clearing will be accomplished, topsoil stockpile, waste rock placement, tailings disposal, proposed number of drillholes and depth, depth of proposed suction dredging, and how gravels will be replaced, etc. Calculate production rates of ore. Include justification and calculations for settling pond capacities, and the size of runoff diversion channels.

Continue vehicle use of access road from U.S.F.S Hwy. 96 to main adit - approx. 700 ft.

Continue use of adit pad and equipment pad now existing.

#### ACCESS NEEDED FOR THE FOLLOWING:

Access for surveillance on vandalism.

Access for maintaining water bars.

Access for magazine inspection - Federal mandated.

Access for watering of plants.

Access for road maintenance.

Access for under ground work.

Three workers will be working 2-4 days per week from about 10:00 a.m. to 4:00 p.m. Monday through Thursday.

(If more space is needed to fill out a block of information, use additional sheets and attach form)

D. **Equipment and Vehicles.** Describe that which is proposed for use in your operation (Examples: drill, dozer, wash plant, mill, etc.). Include: sizes, capacity, frequency of use, etc.

Continued use of Ingersoll 365 CFM air compressor -  
1-2 times per week.  
Continued use of Lister 20 KW generator - 3-4 times per week.  
1992 Chevrolet Suburban vehicle - 3-4 days per week.  
Continued use of 2' x 6' storage locker for small equipment  
Continued use of 55 gal. drum for 5-10 gallons of diesel  
for generator.

E. **Structures.** Include information about fixed or portable structures or facilities planned for the operation. Show locations on the map. Include such things as living quarters, storage sheds, mill buildings, thickener tanks, fuel storage, powder magazines, pipelines, water diversions, trailers, sanitation facilities including sewage disposal, etc. Include engineering design and geotechnical information for project facilities, justification and calculations for sizing of tanks, pipelines and water diversions, etc.

ON FILE

V. ENVIRONMENTAL PROTECTION MEASURES (SEE 36 CFR 228.8)

A. **Air Quality.** Describe measures proposed to minimize impacts on air quality such as obtaining a burning permit for slash disposal or dust abatement on roads.

(If more space is needed to fill out a block of information, use additional sheets and attach form)

B. **Water Quality.** State how applicable state and federal water quality standards will be met. Describe measures or management practices to be used to minimize water quality impacts and meet applicable standards.

1. State whether water is to be used in the operation, and describe the quantity, source, methods and design of diversions, storage, use, disposal, and treatment facilities. Include assumptions for sizing water conveyance or storage facilities.

2. Describe methods to control erosion and surface water runoff from all disturbed areas, including waste and tailings dumps.

3. Describe proposed surface water and groundwater quality monitoring, if required, to demonstrate compliance with federal or state water quality standards.

4. Describe the measures to be used to minimize potential water quality impacts during seasonal closures, or for a temporary cessation of operations.

5. If land application is proposed for waste water disposal, the location and operation of the land application system must be described. Also describe how vegetation, soil, and surface and groundwater quality will be protected if land application is used.

#1) No water used on surface for operation

#2) On adit pad - water diversion measures as WCME LLC have been practicing, including all the successful measures previously used to divert water away from the dumps, continue

C. **Solid Wastes.** Describe the quantity and the physical and chemical characteristics of solid waste produced by the operation. Describe how the wastes will be disposed of including location and design of facilities, or treated so as to minimize adverse impacts.

NONE

D. **Scenic Values.** Describe protection of scenic values such as screening, slash disposal, or timely reclamation.

(If more space is needed to fill out a block of information, use additional sheets and attach form)
