SUBJECT: *WALKER MINE – REQUEST FOR RENEWAL OF MEMBERSHIP FOR ANACONDA GEOLOGICAL COLLECTION, UNIVERSITY OF WYOMING*

With this memorandum, Central Valley Water Board staff is requesting authorization to renew our State Government Agency Membership to the Anaconda Geological Documents Collection at the American Heritage Center, University of Wyoming. The Central Valley Water Boards State Government Agency Membership expired in October of 2012.

Staff recommends that funds from Cleanup and Abatement Account No. 69 be approved to pay the State Government Agency Membership annual fee of \$750.00 and duplication rates shown on the attached invoice.

As discussed below, this membership is needed so that staff can continue researching documents from the Anaconda Geological Documents Collection for the Walker Mine in Plumas County. These records are needed as part of the ongoing responsible party search authorized by Central Valley Water Board Resolution R5-2010-0036.

During the past two years, staff has made considerable progress in documenting the relationship between Walker Mining Company, International Smelting and Refining Company (International), and the Anaconda Copper Mining Company (Anaconda). Atlantic Richfield Company (Atlantic Richfield) is Anaconda's successor by merger.

On 29 April 2013, the Central Valley Water Board served copies of draft Cleanup and Abatement Order (CAO) No. R5-2013-XXXX, regarding the Walker Mine, to Atlantic Richfield. The Central Valley Water Board solicited the Dischargers' written comments on the drafts, which they provided on 3 June 2013. In their response, Atlantic Richfield denies that either Anaconda or International ever operated the Walker Mine.

Because Atlantic Richfield denies any responsibilities for Walker Mine, staff requests authorization to renew the State Government Agency Membership so that staff and the State Boards Office of Enforcement attorney can continue to research and obtain documents from the

Anaconda Geological Documents Collection. Access to these documents is needed to support the draft CAO's and staff's presentation at the 5/6 December 2013 Board meeting.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the information is both reliable and up-to-date.

The final part of the document provides a summary of the findings and offers recommendations for future improvements. It suggests that regular audits and updates to the data collection process are essential for maintaining the highest level of accuracy.

Overall, the document highlights the critical role of data management in business operations. By following the outlined procedures, organizations can ensure that their financial records are precise and trustworthy.

The following table provides a detailed breakdown of the data collected over the past quarter. Each row represents a different category, and the columns show the specific values recorded.

Category	Q1	Q2	Q3	Total
Category A	120	150	180	450
Category B	90	110	130	330
Category C	70	85	100	255
Category D	50	60	75	185
Category E	30	40	50	120
Category F	20	25	30	75
Category G	10	15	20	45
Category H	5	7	9	21
Category I	3	4	5	12
Category J	2	3	4	9
Category K	1	2	3	6
Category L	0	1	2	3
Category M	0	0	1	1
Category N	0	0	0	0
Category O	0	0	0	0
Category P	0	0	0	0
Category Q	0	0	0	0
Category R	0	0	0	0
Category S	0	0	0	0
Category T	0	0	0	0
Category U	0	0	0	0
Category V	0	0	0	0
Category W	0	0	0	0
Category X	0	0	0	0
Category Y	0	0	0	0
Category Z	0	0	0	0

The data shows a clear upward trend in most categories, with Category A showing the most significant growth. This indicates a positive overall performance for the quarter.

Further analysis of the data reveals that certain sub-categories are performing particularly well, while others are lagging. This information is crucial for identifying areas of strength and weakness.

The document concludes by reiterating the importance of continuous monitoring and reporting. Regular updates will help in staying on top of any changes and ensuring that the organization remains competitive.
