Hi Kathy

Thank you for sending out the tentative NPDES permit and associated documents.

I would like to bring to your attention a few items that should be corrected to avoid confusion to those reviewing the tentative permit:

- (1) The Attachment B Map: Shows RSW-001 at the wrong location. It should be located on Old Alamo Creek at Leisure Town Road, per MRP Table E-1. Attached is an updated EWWTP And RSWs map for reference.
- (2) Table E-3 (on page E-5) Footnote 13 should be relabeled Footnote 12, to match the table.
- (3) Table E-5 (on page E-9) requires clarification: States in VIII.A.1. "The Discharger shall monitor the Old Alamo Creek at RSW-001 and RSW-002 as follows:". However, Table E-5 should apply to RSW-001, -002, -003 and -004.

Also, I am still working on an updated WWTP schematic that does not show the old North Plant treatment train. I should have it to you within the next week.
