**Subject:** Ventura Coastal - Tipton Facility

Dear Katie,

On behalf of Ventura Coastal, this email is to formally provide a progress update on the Tentative Cease and Desist Order requirements:

1. The Salinity Control Plan and the Nutrient & Wastewater Management Plan are being prepared on an expedited schedule in order to fulfill the requirements of the Cease & Desist Order prior to the Water Board hearing.
2. NWMP is being prepared with an agronomist.
3. We plan to meet with the Water Board prior to submittal of these reports to review approach and content.
4. Both reports are progressing towards a 100% submittal by Friday November 6<sup>th</sup>.
5. Our understanding is that by fulfilling these critical requirements on an expedited schedule, the Cease & Desist Order would not be issued.

Best Regards,
