

**AGENDA ITEM: 9**

**SUBJECT:**

Central Valley Water Board Enforcement Program Update

**BOARD ACTION:**

Information Item

**SUMMARY:**

The Compliance and Enforcement Program (Program) manager for Region 5, Kari Holmes, was recently hired into the Supervising Water Resource Control Engineer position in December 2019. She will be introduced to Board members and provide a brief update of accomplishments for the Program, including the status of progress and a few statistics on staff efforts for meeting the FY 2019/2020 workplan goals under Region 5's Portfolio Management. Draft priorities for compliance, enforcement, and associated outreach will be touched upon for the upcoming FY 2020/2021. The Program manager will solicit feedback from the Board members regarding what type of information they would like to hear in detail at an upcoming Program update to the Board in October 2020.

This informational item is meant to introduce the new Program manager and provide a quick update to the Board regarding the Program. The October 2020 update to the Board will be a more detailed and in-depth discussion of compliance and enforcement activities, goals, and priorities.
