NOTICE OF PUBLIC HEARING
concerning

TENTATIVE WASTE DISCHARGE REQUIREMENTS
FOR
MA-RU HOLDING COMPANY, INC. AND BONZI SANITATION LANDFILL, GENERAL PARTNERSHIP
BONZI SANITATION LANDFILL
STANISLAUS COUNTY

Waste Discharge Requirements (WDRs) are tentatively being issued to Ma-Ru Holding Company, Inc. and Bonzi Sanitation Landfill, General Partnership (collectively, Discharger) for Bonzi Sanitation Landfill (Facility) located at 2650 West Hatch Road, approximately three miles southwest of Modesto in Stanislaus County.

The Facility is situated on approximately 156-acre property comprised of Assessor's Parcel Numbers (APNs) 017-041-036 and 017-041-042. Four closed waste management units comprise approximately 85.9 permitted acres of the 156-acre site. The remaining 70.1 acres contain a groundwater treatment system, a landfill gas extraction system including a flare, a treatment system retention basin, the former scale house area, perimeter roads, and two stormwater basins. Also included in the remaining 70.1 acres is a land application area used by the Facility's groundwater treatment system to beneficially reuse treated groundwater to irrigate agricultural and tree crops.

The revision of the current WDRs Order R5-2007-0148 is necessary since the Facility has undergone numerous changes since 2007 including the closure of the Facility which involved final closure of all waste management units. The tentative WDRs require the Discharger to continue to fund and perform post-closure maintenance of the facility as well as any corrective action measures necessary to protect the beneficial uses of water.
