TENTATIVE WASTE DISCHARGE REQUIREMENTS
FOR
CITY OF SACRAMENTO
28TH STREET LANDFILL
SACRAMENTO COUNTY

Waste Discharge Requirements (WDRs) and associated Monitoring and Reporting Program (MRP) are tentatively being issued to the City of Sacramento (Discharger) for 28th Street Landfill (Facility) located at 28th and A Street in the City of Sacramento in Sacramento County.

The Facility is situated on approximately 172-acre property comprised of Assessor's Parcel Numbers (APNs) 001-0170-018, 001-0170-019, 001-0170-021, 001-0170-026, 003-0010-001, 003-0042-002, 003-0050-012, 003-0050-014, 003-0050-015, 003-0050-016, and 001-0170-006. An additional 6.5 acres associated with Cannon and Scollan Properties (CSP) acquired by the City in 2016-2017 will be added to the Facility at the time of adoption of these WDRs and MRP. The APN(s) for the CSP are 003-0032-008, 003-0032-009, 003-0032-030, 003-0032-034, and 003-0041-003. Of the additional 6.5 acres of the CSP approximately 4.5 acres were used to dispose of waste which requires a final closure cover.

Four closed waste management units comprise approximately 145.5 currently permitted acres of the 172-acre site. The tentative WDRs and MRP propose to include the CSP in the next version of the WDRs and MRP, which will make the new permitted WMU area to be approximately 150 acres.

The revision of the current WDRs and MRP Order R5-2004-0039 is necessary since existing WDRs and MRP are outdated and the CSP needs to be included in the permitted Facility. The tentative WDRs and MRP requires the Discharger to construct a final closure cover over the CSP and to continue to fund and perform post-closure maintenance of the combined Facility as well as any corrective action measures necessary to protect the beneficial uses of water.
