

Central Valley Regional Water Quality Control Board

15 December 2020

Mr. Chris Fennessy
Environmental Management
Aerojet Rocketdyne, Inc.
2001 Aerojet Road
Rancho Cordova, CA 95742

TENTATIVE ORDER AMENDING ORDER R5-2020-0051, WASTE DISCHARGE REQUIREMENTS AND NPDES PERMIT, GROUNDWATER EXTRACTION AND TREATMENT SYSTEMS, ARGET, GET EF, GET H, GET J, GET KA, GET LA, GET LB, GET AB, WHITE ROCK GET, SAILOR BAR PARK GET AND LOW-THREAT DISCHARGES, AEROJET ROCKETDYNE INC, (NPDES NO. CA0083861)

A copy of the tentative order amending the subject NPDES is attached. The tentative order is being considered to correct unintended changes made to the permit prior to its revision and renewal in October 2020. These unintended changes were made during the process of converting the draft permit into the ADA-compliant tentative version. All of the tables in the permit had to be revised in order to be ADA-compliant. The order restores a few effluent limitations and monitoring requirements to those found in the previous version of the permit. Details of these corrections are found in the tentative order.

A Notice of Public Hearing is enclosed. The tentative order permit is planned to be considered by the Board for adoption at its **16 February 2021** meeting. Comments on the tentative order permit should be submitted to our office no later than **15 January 2021**.

Copies of the tentative order can be provided. To be provided a copy, please contact me (916) 464-4625 or by email at amacdonald@waterboards.ca.gov.
