CENTRAL VALLEY REGION

ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2017-0546

MANDATORY PENALTY
IN THE MATTER OF

CITY OF NEVADA CITY
WASTEWATER TREATMENT PLANT
NEVADA COUNTY

This Complaint is issued to the City of Nevada City (hereafter Discharger) pursuant to California Water Code (Water Code) section 13385, which authorizes the imposition of Administrative Civil Liability, Water Code section 13323, which authorizes the Executive Officer to issue this Complaint and Water Code section 7, which authorizes the delegation of the Executive Officer's authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on allegations that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order R5-2012-0033 (NPDES CA0079901).

The Assistant Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) alleges the following:

1. The Discharger owns and operates the City of Nevada City Wastewater Treatment Plant (Facility) a wastewater collection, treatment, and disposal system, which provides sewerage service to the City of Nevada City. Treated municipal wastewater is discharged to Deer Creek, a water of the United States and tributary to the Yuba River.
2. In order to regulate discharges from the Facility, on 7 June 2012, the Board adopted Waste Discharge Requirements (WDRs) Order R5-2012-0033, and rescinded WDRs R5-2008-0177, except for enforcement purposes. WDRs Order R5-2012-0033 became effective 27 July 2012. On 9 June 2017, the Board adopted WDRs Order R5-2017-0060, which became effective 1 August 2017.
3. On 14 May 2013, the Assistant Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2016-0519 for mandatory minimum penalties for effluent violations occurring between 1 January 2013 and 31 December 2015. The Discharger settled the Order by payment and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2016-0519 to be resolved.
4. This Complaint addresses administrative civil liability for effluent violations that occurred between 1 January 2016 and 30 June 2017. These violations are specifically identified in Attachment A to this Complaint as subject to mandatory minimum penalties. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.
5. On 1 August 2016, Central Valley Water Board staff issued the Discharger a Notice of Violation and draft Record of Violations (ROV) for effluent limitation violations which occurred from 1 January 2016 to 31 May 2015. The Discharger responded on 25 August 2017 to the ROV and agreed with the violations. This Complaint extends the review period through 30 June 2015; two additional dichlorobromomethane violations were found other than those cited in the ROV.
6. Water Code section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

Water Code section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

Water Code section 13385 (h)(2) states:

For the purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

Water Code section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- (A) Violates a waste discharge requirement effluent limitation.
- (B) Fails to file a report pursuant to Section 13260.
- (C) Files an incomplete report pursuant to Section 13260.
- (D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. Water Code section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order R5-2012-0033 Effluent Limitations IV.A.2.a., includes, in part, the following effluent limitations:

- a. The Discharger shall maintain compliance with the following effluent limitations at Discharge Point 001...

Table 6. Effluent Limitations

Parameter	Units	Effluent Limitations		
		Average Monthly	Average Weekly	Maximum Daily
Dichlorobromomethane	µg/L	2.3	--	4.6

9. WDRs Order R5-2012-0033 Effluent Limitations IV.A.1.f., includes the following effluent limitations:

- f. **Total Coliform Organisms.** Effluent total coliform organisms shall not exceed:
- i. 2.2 most probable number (MPN) per 100 mL, as a 7-day median;
 - ii. 23 MPN/100 mL, more than once in any 30-day period; and
 - iii. 240 MPN/100 mL, at any time.

10. According to the Discharger's self-monitoring reports, the Discharger committed nine (9) serious Group II violations and four (4) non-serious violations of the above effluent limitations contained in WDRs Order R5-2012-0033 as shown in Attachment A. One (1) of the non-serious violations fall within the first three violations in a 180-day period, thus is not subject to mandatory minimum penalties. The other nine (9) violations are defined as serious because measured concentration of Group II constituents exceeded maximum prescribed levels in WDRs Order R5-2012-0033 by 20 percent or more. The mandatory minimum penalty for the eight (9) serious violations is **twenty-seven thousand dollars (\$27,000)**.
11. According to the Discharger's self-monitoring reports, the Discharger committed four (4) non-serious violations of the above effluent limitations contained in WDRs Order R5-2012-0033. The mandatory minimum penalty for these non-serious violations is **twelve thousand dollars (\$12,000)**.
12. The total amount of the mandatory penalties assessed for the alleged effluent violations is **thirty-nine thousand dollars (\$39,000)**. As stated herein, a detailed list of the alleged effluent limitation violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.
13. On 21 December 2015, the Executive Officer designated Andrew Altevogt, Assistant Executive Officer, as the Lead Prosecution Officer for all enforcement matters originating in the Central Valley Region. The 21 December 2015 Delegation of Authority also authorizes Andrew Altevogt to issue Administrative Civil Liability Complaints.
14. Issuance of this Administrative Civil Liability Complaint to enforce Water Code Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

THE CITY OF NEVADA CITY IS HEREBY GIVEN NOTICE THAT:

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **thirty-nine thousand dollars (\$39,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **7/8 December 2017**, unless the Discharger does one of the following by **5 October 2017**:
 - a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board. In addition, submits payment for the proposed civil liability of **thirty-nine thousand dollars (\$39,000)** to the State Water Board, with a copy of the check to the Central Valley Water Board; or

- b) Requests to engage in settlement discussions by checking the box next to Option 2 on the attached form, and returning it to the Board along with a letter describing the issues to be discussed. The Central Valley Water Board must agree to the postponement; or
 - c) Requests to delay the hearing by checking off the box next to Option 3 on the attached form, and returning it to the Board along with a letter describing the proposed length of delay and the issues to be discussed. The Central Valley Water Board must agree to the postponement.
3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.
4. If this matter proceeds to hearing, the Assistant Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.

FOR ADMINISTRATIVE CIVIL LIABILITY COMPLAINT**

By signing this waiver, I affirm and acknowledge the following:

I am duly authorized to represent the City of Nevada City (hereafter Discharger) in connection with Administrative Civil Liability Complaint R5-2017-0546 (hereafter Complaint). I am informed that California Water Code section 13323, subdivision (b), states that, "a hearing before the regional board shall be conducted within 90 days after the party has been served. - (OPTION 1: Check here if the Discharger waives the hearing requirement and will pay in full.)**
- a. I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board.
 - b. I certify that the Discharger will remit payment for the proposed civil liability in the full amount of **thirty-nine thousand dollars (\$39,000)** by check that references "ACL Complaint R5-2017-0546" made payable to the *State Water Pollution Cleanup and Abatement Account*. Payment must be received by the State Water Resources Control Board, Accounting Office, Attn: ACL Payment at PO Box 1888, Sacramento, California, 95812-1888 by **5 October 2017**. Should the Central Valley Water Board receive significant new information or comments during this comment period, the Central Valley Water Board's Assistant Executive Officer may withdraw the complaint, return payment, and issue a new complaint. I also understand that approval of the settlement will result in the Discharger having waived the right to contest the allegations in the Complaint and the imposition of civil liability.
