CENTRAL VALLEY REGION

ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2018-0511

MANDATORY PENALTY  
IN THE MATTER OF

CITY OF RIO VISTA  
BEACH WASTEWATER TREATMENT PLANT  
SOLANO COUNTY

This Complaint is issued to the City of Rio Vista (hereafter Discharger) pursuant to California Water Code (Water Code) section 13385, which authorizes the imposition of Administrative Civil Liability (ACL) and Water Code section 13323 which authorizes the Executive Officer to issue this Complaint and Water Code section 7, which authorizes the delegation of the Executive Officer's authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on allegations that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order R5-2014-0012-01 (NPDES CA0079588).

The Assistant Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) alleges the following:

1. The Discharger owns and operates the City of Rio Vista Beach Wastewater Treatment Plant (Facility), which provides sewerage service to part of the City of Rio Vista, in Solano County. Secondary level treated domestic, commercial, and industrial wastewater is discharged to the Sacramento River, a water of the United States and part of the Sacramento-San Joaquin Delta.
2. In order to regulate discharges from the Facility, on 7 February 2014, the Central Valley Water Board issued WDRs Order R5-2014-0012. On 9 October 2014, the Board amended the WDRs through the adoption of Order R5-2014-0012-01 to allow for participation in the Delta Regional Monitoring Program.
3. On 18 July 2016, the Assistant Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2016-0520 for mandatory minimum penalties (MMPs) for effluent violations which occurred between 1 January 2014 and 30 April 2016. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2016-0520 to be resolved.
4. This Complaint addresses administrative civil liability for effluent violations that occurred between 1 May 2016 to 30 November 2017. These violations are specifically identified in Attachment A to this Complaint as subject to MMPs. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.
5. On 26 January 2018, Central Valley Water Board staff issued the Discharger a draft Record of Violations (ROV) for the period 1 May 2016 through 30 November 2017. The Discharger responded on 22 February 2018 and agreed with the violations. Board staff has extended the period through 31 December 2017; no additional violations were found in addition to those cited in the ROV.
6. Water Code section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

Water Code section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

Water Code section 13385 (h)(2) states:

For the purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

Water Code section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- (A) Violates a waste discharge requirement effluent limitation.
- (B) Fails to file a report pursuant to Section 13260.
- (C) Files an incomplete report pursuant to Section 13260.
- (D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. Water Code section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order R5-2014-0012-01 Effluent Limitations IV.A.1.f., include, in part, the following effluent limitations:

f. **Total Coliform Organisms.** Effluent total coliform organisms shall not exceed:

- i. 23 most probable number (MPN) per 100 mL, as a 7-day median; and
- ii. 240 MPN/100 mL, more than once in any 30-day period.

9. According to the Discharger’s self-monitoring reports, the Discharger committed four (4) non-serious violations of the above effluent limitations contained in WDRs Order R5-2014-0012-01 as shown in Attachment A. Three (3) of the non-serious violations fall within the first three violations in a 180-day period, thus is not subject to mandatory minimum penalties (MMPs). Only one (1) non-serious violation is subject to MMPs under Water Code section 13385 subdivision (i)(1) because this violation was preceded by three or more effluent limit violations within a 180-day period. The mandatory minimum penalty for the non-serious violation is **three thousand dollars (\$3,000)**.

10. The total amount of the mandatory penalties assessed for the alleged effluent violations is **three thousand dollars (\$3,000)**. As stated herein, a detailed list of the alleged effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.
11. On 21 December 2015, the Executive Officer designated Andrew Altevogt, Assistant Executive Officer, as the Lead Prosecution Officer for all enforcement matters originating in the Central Valley Region. The 21 December 2015 Delegation of Authority also authorizes Andrew Altevogt to issue Administrative Civil Liability Complaints.
12. Issuance of this Administrative Civil Liability Complaint to enforce Water Code Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

**THE CITY OF RIO VISTA IS HEREBY GIVEN NOTICE THAT:**

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an administrative civil liability in the amount of **three thousand dollars (\$3,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled for **31 May 2018/ 1 June 2018**, unless the Discharger does one of the following by **29 March 2018**:
  - a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board. In addition, submits payment for the proposed civil liability of **three thousand dollars (\$3,000)** to the State Water Board, with a copy of the check to the Central Valley Water Board; or
  - b) Requests to engage in settlement discussions by checking the box next to Option 2 on the attached form, and returning it to the Board along with a letter describing the issues to be discussed. The Central Valley Water Board must agree to the postponement; or
  - c) Requests to delay the hearing by checking off the box next to Option 3 on the attached form, and returning it to the Board along with a letter describing the proposed length of delay and the issues to be discussed. The Central Valley Water Board must agree to the postponement.
3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed administrative civil liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.

4. If this matter proceeds to hearing, the Assistant Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.
