NOTICE OF PUBLIC HEARING

Concerning

**RESCISSION OF WASTE DISCHARGE REQUIREMENTS
ORDER R5-2012-0018 (NPDES PERMIT NO. CA0004693) AND TIME
SCHEDULE ORDER R5-2012-0019
FOR
CITY OF SHASTA LAKE
FISHERMAN'S POINT WATER TREATMENT PLANT
SHASTA COUNTY**

The City of Shasta Lake's (hereinafter Discharger) Fisherman's Point Water Treatment Plant (hereinafter Facility), located in Shasta County, is regulated pursuant to Waste Discharge Requirements (WDR) Order R5-2012-0018 (NPDES Permit No. CA0004693), adopted by the Central Valley Regional Water Quality Control Board (Central Valley Water Board) on 30 March 2012, and Time Schedule Order (TSO) R5-2012-0019, adopted by the Central Valley Water Board on 30 March 2012.

The Facility is no longer operating as described in WDR Order R5-2012-0018 and TSO R5-2012-0019 and has ceased discharging to surface water. The Discharger has implemented a new Backwash Waste Dewatering System (System) that completely recycles all filter backwash wastewater to eliminate surface water discharge. The Discharger provided details in a technical memo that documented the completed construction and final operation of the System as well as options to prevent surface water discharge in the event of a failure of the System, which provides assurance that a surface water discharge is not likely to occur following rescission of WDR Order R5-2012-0018 and TSO R5-2012-0019. A site inspection was also completed on 30 January 2018 to observe operation of the System and verify no wastewater was generated from the Facility.

The Central Valley Water Board will consider rescinding WDR Order R5-2012-0018 and TSO R5-2012-0019. A public hearing to address this matter will be held during the Central Valley Water Board meeting which is scheduled for:

TIME: 8:30 a.m.
PLACE: 11020 Sun Center Dr #200
