NOTICE OF PUBLIC HEARING
concerning

**PROPOSED WASTE DISCHARGE REQUIREMENTS
(NPDES NO. CA0079529)
FOR
CITY OF COLFAX
WASTEWATER TREATMENT PLANT
PLACER COUNTY**

The City of Colfax (Discharger) is the owner and operator of the Wastewater Treatment Plant, located at 23500 Grand View Way, near Colfax, in Placer County, California. Tertiary treated wastewater discharged from the Wastewater Treatment Plant is currently regulated by Waste Discharge Requirements Order R5-2013-0045 adopted by the Central Valley Regional Water Quality Control Board (Central Valley Water Board) on 30 May 2013. A renewal of the NPDES permit is proposed for the discharge to an unnamed tributary of Smuthers Ravine, a water of the United States, which is tributary to the North Fork of the American River via Smuthers Ravine and Bunch Canyon. The proposed NPDES permit will no longer contain effluent limits for arsenic, manganese, chlorine residual, and chronic toxicity because there was no reasonable potential for the discharge to cause or contribute to an exceedance of the applicable water quality objectives for the constituents. The Discharger applied for an increase in discharge flow from 0.275 mgd to 0.65 mgd and completed an antidegradation analysis in December 2017 to support this proposal. The proposed NPDES permit authorizes the increase in discharge flow.

A public hearing concerning this matter will be held during the Central Valley Water Board meeting scheduled for:
