NOTICE OF PUBLIC HEARING

Concerning

**RESCISSION OF WASTE DISCHARGE REQUIREMENTS
ORDER 5-00-229
FOR
FAIRWAY OAKS AT BUTTE CREEK HOMEOWNERS ASSOCIATION
BUTTE COUNTY**

Fairway Oaks at Butte Creek Homeowners Association's wastewater treatment and disposal system, located in Butte County, discharges wastewater in accordance with Waste Discharge Requirements (WDR) Order 5-00-229, adopted by the Central Valley Regional Water Quality Control Board (Central Valley Water Board) on 27 October 2000.

The State Water Resources Control Board (SWRCB) adopted Water Quality Order 2014-0153-DWQ (General Order) for discharges to land from small domestic systems with a maximum average daily flow of 100,000 gallons or less. Because the Discharger's facility falls into the category of facilities that may be covered by Order 2014-0153-DWQ, Central Valley Water Board staff requested the Discharger submit an application for coverage under Order 2014-0153-DWQ. The Discharger informed staff that a number of major modifications were made to the previous wastewater treatment system since the adoption of WDR Order 5-00-229. Central Valley Water Board staff confirmed conditions at the facility during an inspection conducted on 29 November 2017.

On 11 January 2018, the Central Valley Water Board issued a Notice of Applicability to the Discharger, to enroll them in the General Order; therefore, WDR Order 5-00-229 is no longer required. The Central Valley Water Board will consider rescinding WDR Order 5-00-229. A public hearing to address this matter will be held during the Central Valley Water Board meeting which is scheduled for:
