---

Hello David Sholes and Marcus Ellison.

This is the email I referred to you over our phone conversation today on my decision to wait for a Form similar to the one our PCA, Joshua Wulf (from Simplot) attached to this email.

He also mentioned that the Bakersfield entity with whom I met in person, is a private consulting agency and we don't need to incur charges to fill in the paper work.

I am copying a few of our partners on this correspondence and will coordinate a couple of them to meet with you either on Friday this week or Monday next week to settle the issue.

Also, as I mentioned over the phone we had no intent to violate any laws and we were trying to avoid the Private Agency in Bakersfield.

Thank you.

Regards,  
Ramana.

Good evening

Below is a form that will be similar (if not identical) that the water coalition will want you to fill out. When the time comes, I will help.
