SUBJECT: Irrigated Lands Regulatory Program Requirements

Phone Number: not provided

Cell Number: 760-889-6666

SUMMARY OF COMMUNICATION:

During the phone call, Mr Katragada told David and I of a situation in which land that he owned but was leasing to BASHAR NESHEIWAT had received 13260's and NOV's for. Bashar tried to get Konark (landowners) to enroll the parcels and they did not, so Bashar enrolled the land. The parcel in question is APN 047-290-13, which Konark owns and did not enroll. Mr. Katragada states that he never received or knew of the directive and NOV that staff sent regarding this parcel. However, he has had correspondence with Nicole Bell (Kern Coalition representative) about enrolling all lands that you operate or own in the coalition and Konark has yet to enroll any parcels with the coalition. We informed Mr. Katragada of our knowledge of all parcels and correspondence with the Kern Coalition and he stated that he wants to do whatever is necessary to come into compliance and never meant to break any laws or other rules.
