

The Central Valley Water Board is convening a stakeholder meeting to discuss water quality issues and concerns associated with the American River Parkway. We are requesting your feedback and input into this critical issue and invite you to join us:

April 9th, 2018

1:00 p.m.-4:00 pm

**Sacramento Regional County Sanitation District, Main Admin Offices
10060 Goethe Road
Sacramento, CA 95827**

Main concerns brought to the Central Valley Water Board's attention include trash and debris associated with illegal camping, trash associated with illegal dumping, and elevated levels of E. coli.

At this meeting, agencies tasked with managing the waterway and access, Water Board staff, experts, and other stakeholders will provide participants with information and an overview of the problem, including what is currently being done to address it. There will also be time for participants to discuss the issues and provide feedback in breakout sessions. Participant feedback will be used to inform on-going efforts to improve water quality in the Parkway area.

PLEASE RSVP

If you are interested in attending this meeting, please provide your RSVP to Janelle Brown (Janelle.Brown@waterboards.ca.gov), (916) 464-4823, of the Central Valley Water Board by March 31st. Meeting materials will be sent to those who have RSVP'd prior to the meeting.

I look forward to seeing you at the meeting.

Sincerely,

Adam Laputz
Assistant Executive Officer
Central Valley Water Board
