El Dorado RV Resort and Campground
El Dorado Road, Missouri Flat Road and US 50, El Dorado County, California

Proposed Remedial Action Plan

Public Comment Period:

1 June 2026 – 15 June 2026

PUBLIC NOTICE:

The public is invited to comment. Remedial Action is proposed to address soil contamination at the El Dorado RV and Campground site located between El Dorado Road, Missouri Flat Road, and US 50 in El Dorado County, California. Figure 1 is a map showing the location of the property.

CASE SUMMARY:

Portions of the property were formerly planted as orchards. Pest control activities at the former orchards resulted in soil contaminated with lead, arsenic, and pesticides. Development of an RV resort and campground is proposed at the property.

Cleanup is proposed to make sure visitors and workers are not exposed to toxic contaminants in soil. Shallow contaminated soil will be excavated, and hazardous waste will be disposed of off-site in an appropriate landfill. Other excavated soil containing non-hazardous levels of contaminants will be contained and capped with clean soil to make sure workers and visitors do not come in contact with the soil. During remedy construction heavy equipment will operate on site, and trucks will carry soil to off-site landfills. Dust control measures will prevent disturbance to neighbors.

FOR MORE INFORMATION:

For more information including project documents visit the GeoTracker website (<https://geotracker.waterboards.ca.gov/>). Search for the address, site name, or case ID number listed below:

- SWC Missouri Flat Road and Hwy 50, Placerville, California
- El Dorado RV Resort and campground
- T10000023776

You can also review the file at the Central Valley Water Board office.
