

Request for Time Extension

For Waste Discharge Requirements Order R5-2024-0059 for Nonpoint Source Discharges Related to Certain Activities Conducted by the United States Forest Service and the Bureau of Land Management

Federal Agency Information:

☐ USFS Forest/Ranger District:

☐ BLM Field Office:

Project Name:

Time Extension Request for:

☐ **Initial CSDS Assessment:** Select from the following options and provide required explanation and proposed date of submittal in the "Justification" section below.

☐ Project exceeds 15,000 acres in size, or

☐ Project includes over 50 miles of designated roads, and an emergency impacts the project area or requires a diversion of resources from normal management activities

☐ **Appurtenant Roads CSDS Assessment:** Select from the following options and provide further explanation in the "Justification" section below.

☐ Project exceeds 15,000 acres in size, or

☐ Project includes over 50 miles of designated roads, and an emergency impacts the project area or requires a diversion of resources from normal management activities

☐ **Watershed Treatment Plan (WTP) Extension:** Select from the following options and provide further explanation in the "Justification" section below.

☐ An emergency has occurred within the area covered by a Board-approved WTP that will impact the implementation of the WTP, or

☐ An emergency has occurred outside the area covered by a Board-approved WTP that will result in a diversion of resources such that WTP completion will be delayed

☐ **Watershed Treatment Plan Modification:** To modify or add post-emergency identified CSDS treatment to those identified in a Board-approved WTP, select one of the following options and provide required explanation in the "Justification" section below.

☐ An emergency has occurred within the area covered by a Board-approved WTP that will impact the implementation, or

☐ An emergency has occurred outside the area covered by a Board-approved WTP that will result in a diversion of resources such that WTP completion will be delayed

Justification:

Initial or Appurtenant Roads CSDS Inventory Extension Request: Please provide an explanation as to why the assessment cannot be completed by the deadline and enter a proposed date for submittal of the assessment.

Proposed submittal date:

Initial and Appurtenant Roads CSDS Extensions shall not exceed 12 months from the due date of the assessment.

Watershed Treatment Plan Implementation Extension Request: Provide an explanation and justification of the need for additional time, the amount of additional time needed, and the new proposed date for WTP completion. If the time extension exceeds one year, the proposed schedule shall include interim milestones, the date(s) for their achievement, and a demonstration that the time extension is no longer than reasonably necessary.

Proposed completion date:

NOTE: WTP Implementation Extension requests shall not exceed 3 years.

Watershed Treatment Plan Modification: Provide an explanation of the emergency that impacted the WTP and the resulting recommendations for modification or addition of CSDS treatments (include BAER Report, if applicable). Provide confirmation that funding for the recommended CSDS Treatments has been secured and that implementation will be completed within the remaining time allotted for the approved WTP. Provide a time schedule and map of all CSDS treatments to be completed within the remaining time allotted for the approved WTP.

Signature, Date, and Certification

I am aware that monitoring and technical reports submitted pursuant to Water Code § 13267 are submitted under penalty of perjury, and I certify that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete.

State Water Resources Control Board Privacy Notice on Collection

Civil Code section 1798.17 requires a Privacy Notice on Collection to be provided when personal information is collected. Individuals have the right to review personal information maintained by the State Water Resources Control Board and the Regional Water Quality Control Boards (Water Boards) unless access is exempted by law. You may review your records by contacting the official responsible for maintaining your information below. We will not disclose your personal information unless authorized by law. To learn more about our Privacy Policy, visit waterboards.ca.gov/privacy.html.

Please do not include any personal information that is not requested.

Authority for Collection of Personal Information:

Personal information is collected pursuant to [California Water Code section 13263](https://leginfo.ca.gov/faces/codes_displaySection.xhtml?sectionNum=13263&lawCode=WAT) (https://leginfo.ca.gov/faces/codes_displaySection.xhtml?sectionNum=13263&lawCode=WAT).

Principal Purpose for Which the Information Collected is to Be Used:

The information will be used to manage regulatory coverage for applicable projects and for communication with the individual, company, or agency regarding compliance.

Known or Foreseeable Disclosures of the Information:

The information you provide may be disclosed to other governmental agencies or the public as authorized by law, including under the California Public Records Act.

Consequences of Not Providing Any or All Parts of the Requested Information:

All information requested is mandatory unless marked as optional. Failure to provide the requested information may result in delays or denial of regulatory coverage.

Official Responsible for Maintenance of Information:

Senior Engineering Geologist and Senior Environmental Scientist
