

ATTENTION!

Coalition Membership Enrollment Deadline DECEMBER 31st 2006

In August 2006, the Central Valley Water Board created a deadline for irrigated lands owners and/or operators to join Coalition Groups. Coalition Groups can generally not accept new participants after **31 December 2006**. If growers do not obtain regulatory coverage for their waste discharges under a Coalition Group or Individual Irrigated Lands Conditional Waiver, they must file a Report of Waste Discharge and filing fee with the Water Board office to obtain a grower-specific permit (also referred to as Waste Discharge Requirements).
