

Request for Comments on Irrigated Lands Regulatory Program Surface Water Quality Management Plans – Due 15 June 2026

Dear Stakeholders and Interested Parties,

The Central Valley Water Board is inviting the public and other stakeholders to submit written comments on the following Surface Water Quality Management Plans:

| Waterbody/Sampling Site | Lat/Long | Constituent | Coalition Area |
|--|-------------------------|-----------------------------|--|
| East Orwood Tract Drain | 37.92857 -121.560668 | Pyrethroids | San Joaquin County & Delta Water Quality Coalition |
| Sand Creek @ Hwy 4 Bypass | 37.9475 -121.743 | Pyrethroids | San Joaquin County & Delta Water Quality Coalition |
| BS1 520CRCBS1 Butte Slough at Lower Pass Rd. (BS1) | 39.1875 -121.9000 | <i>Selenastrum</i> toxicity | California Rice Commission |
| SSB 520CRCSSB Sacramento Slough Bridge near Karnak (SSB) | 38.7850 -121.6533 | <i>Selenastrum</i> toxicity | California Rice Commission |

The Irrigated Lands Regulatory Program (ILRP) implements surface water monitoring requirements to protect beneficial uses and ensure irrigated agricultural operations comply with water quality objectives outlined in applicable Basin Plans. Under ILRP General Orders, a Surface Water Quality Management Plan must be developed and implemented when a trigger limit is exceeded more than once within a three-year period at a specific monitoring site.

Comments must be received **by 5:00 pm on 15 June 2026** to be considered during staff review of the proposed management plans. To request a copy of the submittals or submit comments, please contact Petra Lee at Petra.Lee@waterboards.ca.gov or via phone at (916) 464-4604.

Written comments can be mailed to the following address:
