SAN JOAQUIN COUNTY AND DELTA WATER QUALITY COALITION SEMI-ANNUAL MONITORING REPORT REVIEW

Thank you for the submittal of the San Joaquin County and Delta Water Quality Coalition (Coalition) Semi-Annual Monitoring Report (SAMR), which was received on 2 March 2009. Staff has completed a review (enclosed with this letter) of the SAMR for compliance with Monitoring and Reporting Program (MRP) Order No. R5-2005-0833.

Staff has noted several areas in which the Coalition continues to comply with the MRP Order reporting requirements, including the following:

- Description of the Coalition group geographical area
- Discussion of data to clearly indicate compliance
- Meeting precision, accuracy, and completeness requirements
- Submitting field data sheets, laboratory reports, and chain of custody forms

Staff did identify some omissions in the SAMR, but these do not need to be corrected since the Coalition has transitioned to the new MRP. Please review the attached memorandum. The Coalition will need to submit its next AMR in accordance with the new MRP by 1 March 2010, and ensure that it complies with the requirements.

If you have any questions or comments regarding the review, or need any further information, please contact Chris Jimmerson at (916) 464-4859.

KAREN LARSEN, Senior Environmental Scientist
