Answers to Commonly Asked Questions and Open Questions

11:50am—12:00pm

Sign-up for Hands-On CIWQS Training

- *Reserve your spot for one-on-one training to be held in September*

What is CIWQS?

The California Integrated Water Quality System (CIWQS) is a new computer system for the State and Regional Water Boards to track information about places of environmental interest, manage permits and other orders, track compliance inspections, and manage violations and enforcement activities. A key component of CIWQS is the electronic Self Monitoring Report (eSMR) module that will allow dischargers to report their required monitoring data electronically via the CIWQS website.

**For more information: Call 866-79-CIWQS (24977) or visit our website at
www.waterboards.ca.gov/ciwqs**
