

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
COLORADO RIVER BASIN REGION

RESOLUTION NO. 84-121

AMENDING WATER QUALITY CONTROL PLAN FOR THE  
COLORADO RIVER BASIN REGION OF CALIFORNIA (REGION 7),  
DATED MAY 1984

WHEREAS,

1. Section 13240 of Division 7 of the California Water Code requires that each Regional Board shall formulate and adopt water quality control plans for all areas within the region; and
2. The Federal Clean Water Act requires that each state submit water quality control plans for all basin planning areas within the State; and
3. During 1983 and 1984, the Regional Board took all necessary and lawful steps to update its 1975 West (7A) and East (7B) Water Quality Control Plans, and to include therein the combining of said Plans into a single plan encompassing the entire Colorado River Basin Region of California; and
4. In the process of said updating and combining, the Regional Board forwarded copies of its proposed Water Quality Control Plan, Summary Report, and Environmental Checklist for the Colorado River Basin Region of California (Region 7) to interested agencies and persons, and conducted public hearings on July 13, 1983 in Palm Springs and on November 16, 1983 in El Centro after due notice to all interested persons in accordance with the applicable provisions of said Federal Clean Water Act and said Division 7 of the California Water Code; and
5. The Regional Board considered the evidence introduced at said public hearings, and also as received subsequent thereto, and accordingly adopted the proposed plan as the Water Quality Control Plan for the Colorado River Basin Region of California (Region 7) dated May 16, 1984 by adopting Resolution No. 84-68; and
6. On May 21, 1984, the Regional Board received late comments from the U.S. Environmental Protection Agency (EPA); and
7. Subsequently, the Executive Officer held a meeting with EPA representatives and personnel of the Division of Technical Services of the State Water Resources Control Board to resolve EPA's comments; and
8. All representatives present at the meeting agreed that the proposed modifications resulting from resolution of EPA's late comments do not represent a substantial change, but are an outgrowth of the previous review process as explained in Whereas No. 4, above; and

Rescinded

9. On October 31, 1984, the Regional Board received a confirming letter from the U.S. Environmental Protection Agency (EPA); now therefore be it

**RESOLVED,**

1. That the California Regional Water Quality Control Board, Colorado River Basin Region hereby adopts the proposed modifications (Attachment 1) to the Water Quality Control Plan for the Colorado River Basin Region of California (Region 7), dated May 16, 1984.
2. That the Executive Officer is directed to revise the May 16, 1984 Plan to incorporate these modifications and forward copies of the revised Water Quality Control Plan for the Colorado River Basin Region of California (Region 7) to the State Water Resources Control Board for consideration of approval.

The undersigned Executive Officer of the California Regional Water Quality Control Board, Colorado River Basin Region, does hereby certify that the foregoing is a full, true, and correct copy of a Resolution adopted by the California Regional Water Quality Control Board, Colorado River Basin Region on November 14, 1984.

  
Executive Officer
