

**CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
COLORADO RIVER BASIN REGION**

ORDER NO. 85-81

**WASTE DISCHARGE REQUIREMENTS  
FOR  
WHITEWATER RANCH RV PARK  
Northwest of Palm Springs - Riverside County**

The California Regional Water Quality Control Board, Colorado River Basin Region, finds that:

1. John R. Beylik (hereinafter also referred to as the discharger), 591 South Walnut Street, La Habra, California, 90631, verified, via the park grounds superintendent, the below updated information on the discharge of waste on May 2, 1985.
2. The discharger proposes to discharge a maximum of 20,000 gallons-per-day of domestic sewage from a recreational vehicle park designed to have 131 spaces and four (4) restrooms. The wastewater is to be discharged into septic tank/seepage pit disposal systems located in the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 10, T3S, R3E, SBB&M.
3. The discharger is reserving areas of sufficient size for possible future 100 percent replacement of the seepage pits.
4. The proposed discharge has been subject to waste discharge requirements contained in Board Order No. 78-66.
5. There are no domestic wells within 200 feet of the discharge facilities described in Findings No. 2 and 3 (above).
6. The discharger proposes to periodically discharge swimming pool wastewater onto landscape plantings.
7. The Water Quality Control Plan for the Colorado River Basin Region of California was adopted by the Regional Board on November 14, 1984. The Basin Plan contains water quality objectives for Coachella Hydrologic Subunit.
8. The beneficial uses of ground water of the Coachella Hydrologic Subunit are:
  - a. Municipal supply
  - b. Industrial supply
  - c. Agricultural supply

9. The Board has notified the discharger and interested agencies and persons of its intent to update waste discharge requirements for the proposed discharge.
10. The Board in a public meeting heard and considered all comments pertaining to the discharge.
11. The Riverside County Planning Commission prepared Negative Declaration EA 556 (filing date March 6, 1974) for this proposed park. The Regional Board reviewed this Negative Declaration. The below waste discharge requirements are designed to assure against any significant adverse effects on water quality.

IT IS HEREBY ORDERED, the discharger shall comply with the following:

A. Discharge Specifications

1. Neither the treatment nor the discharge of wastewater shall create a pollution or a nuisance as defined in Division 7 of the California Water Code.
2. No wastewater other than domestic sewage and swimming pool wastewater shall be discharged at this location.
3. Wastewater discharged subsurface shall be retained underground with no surfacing.
4. Adequate measures shall be taken to assure that flood or surface drainage waters do not erode or otherwise render portions of the discharge facilities inoperable.
5. Septic tank cleanings shall be discharged only by a duly authorized service.
6. Swimming pool wastewater shall not be discharged into a sewage disposal system.

B. Provisions

1. Sufficient land area shall be reserved for possible future 100 percent replacement of the seepage pits, until such time as this park is connected to a municipal sewerage system.
2. Upon request from this Board's Executive Officer, the discharger shall furnish technical and/or monitoring reports on the treatment and discharge of waste.
3. Prior to any modifications of this facility which would result in material change in the quality or quantity of wastewater discharged, or any material change in location of discharge, the discharger shall report in writing to the Regional Board.

4. Prior to any change of ownership of this recreational vehicle park, the discharger shall:
  - a. Specify as a condition of transfer that the area specified in Provision B.1 (above) remain servient to the park for the purpose of providing additional subsurface sewage disposal capacity, until such time as this park is connected to a municipal sewerage system.
  - b. Transmit a copy of this Order to the succeeding owner or operator, and file a copy of the transmittal letter with this Board.
5. This Order supersedes Board Order No. 78-66.

I, Arthur Swajian, Executive Officer, do hereby certify the foregoing is a full, true and correct copy of an Order adopted by the California Regional Water Quality Control Board, Colorado River Basin Region, on August 7, 1985.

**CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
COLORADO RIVER BASIN REGION**

**MONITORING AND REPORTING PROGRAM NO. 85-81  
FOR  
WHITEWATER RANCH RV PARK  
Northwest of Palm Springs - Riverside County**

Location: Portion of the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 10, T3S, R3E, SBB&M

**MONITORING**

The discharger shall submit an annual status report on the following:

1. Number of spaces and restrooms presently connected to the sewerage system.
2. List any proposed changes in the sewage disposal facilities during the upcoming year.

**REPORTING**

1. Annual reports are to be submitted by January 15th of each year to:

California Regional Water Quality Control Board  
Colorado River Basin Region  
73-271 Highway 111, Suite 21  
Palm Desert, CA 92260

2. Report immediately any surfacing of wastewater or other failures of the system by telephone and follow-up by letter.

This is a detailed topographic map of the Gorgonio Pass region. The map features contour lines indicating elevation, with major peaks like Gorgonio Peak (9655') and White Water Hill (8733'). Key locations include the Gorgonio River, White Water PO, Palms Springs Station, and various landmarks such as Painted Hill, Bonnie Bell, and Lazy C Ranch. The map also shows infrastructure like the Pacific Highway, an aqueduct, and several pipelines. A grid system is overlaid on the map, with letters A through Z across the top and numbers 1 through 30 down the right side. A shaded area labeled 'Site' is located near the center of the map, just north of the Pacific Highway. Other notable features include the Gorgonio National Forest, Snow Canyon, and the Mesquite Game Refuge.
