### **Non-Regulatory Amendment to the Water Quality Control Plan to Make Administrative, Editorial Changes That Update Language and Graphics Relating to the Salton Sea and Correct General Errors**

The proposed Amendment is needed to update and revise descriptions and graphics relating to the Salton Sea in Chapters 1, 2, 3, and 4 of the Basin Plan. These changes reflect the current condition of the Salton Sea and recent legislative and regulatory developments, as well as provide additional necessary information in a clear and concise fashion.

The proposed Amendment is also needed to correct general errors throughout the entire Basin Plan, including the Cover Page, Foreword, Table of Contents, and Chapters 1 through 6. These changes correct typographical errors, clarify confusing language in the Basin Plan, update Agency names, and standardize formatting and cross-referencing throughout the document.

The changes to the Basin Plan made by the Amendment are shown in Attachments B and C. Attachment B shows the revised Basin Plan with changes in underline and strikeout format. Attachment C shows the revised Basin Plan as a “clean copy.”
