Motion: Buford Crites moved, Tom Davis seconded, and the motion was carried to adopt Order R7-2019-0030 with Errata.

Roll Call Vote: Member Muzik-Yes, Member Powell-No, Member Davis-Yes, Member Satin – Yes, Vice Chair Crites – Yes, Chair Wright-Yes, Approved by vote 5-1.

Workshop

6. Bard Valley Agricultural General Order Workshop [*Logan Raub, ES*]

The Board held a public workshop discussing the draft General Waste Discharge Requirements for Discharges of Wastes from Irrigated Agricultural Lands for Dischargers that are Members of a Coalition Group in Bard Valley (Bard Agricultural General Order).

Logan Raub, an Environmental Scientist with the Regional Water Board, gave an overview of the expired Bard Agricultural Conditional Waiver as well as the proposed Bard Agricultural General Order. He provided details about requirements for the coalition and coalition members, and also described the difference between the proposed order and the expired waiver. Stakeholders were given an opportunity to present their comments and concerns during the workshop.

Speaker Cards: Anthony Duttle, Bard Water District
Steve Alameda, Bard Water District
Charles Sanchez, University of Arizona, Environmental Sciences

** No voting or Board action was taken during the workshop*

Informational Items

7. Colorado River Basin Water Board Executive Officer's Report [*Paula Rasmussen*]

Paula Rasmussen reported that the Regional Water Board was now fully staffed with a recent hire of returning staff member Jay Mirpour, Water Resources Control Engineer.

She noted that she and Board Chair Nancy Wright attended a Chair's Meeting in Sacramento which was very interesting and provided valuable information. She and Chair Wright also attended a community forum with the International Boundary and Water Commission (IBWC). At the meeting, Bruce Wilcox, the Natural Resources Agency's (CNRA) Assistant Secretary of Salton Sea Policy, provided an update on the CNRA's activities at the Salton Sea. Additionally, Ms. Rasmussen shared that Regional Water Board staff participated in an educational forum held at California State University San Bernardino campus. The purpose was to introduce middle school and high school students to environmental issues, and various agencies participated in the forum. Board staff also hosted an information table at this event.

Ms. Rasmussen also mentioned upcoming meetings board staff will be attending:

- May 16, 2019 - CEQA Scoping Meeting on proposed Secondary Maximum Contaminant Levels (MCLs) Basin Plan Amendment
- May 21, 2019 - Board Workshop on Bard Irrigated Agricultural Lands General Order
- May 23-24, 2019 - Environmental Justice Roundtable and tour, with Joaquin Esquivel, State Water Board Chair, in attendance
- May 29-30, 2019 - Bi-National Technical Committee Meeting and tour relating to New River border pollution issues, with Laurel Firestone, State Water Board member, in attendance
- Early June 2019 - Stakeholder Meeting with USEPA and IBWC on transboundary pollution (Tijuana and Mexicali, Mexico)
- June 13, 2019 - Laurel Firestone, State Water Board member, will attend the next Board Meeting in Yucca Valley. A tour of Hi-Desert Water District's new wastewater treatment plant is scheduled prior to the Board Meeting.

8. Colorado River Basin Water Board Member Comments

Board member Buford Crites inquired about the possibility of moving the Bard Agricultural General Order agenda item scheduled for the June Meeting to another date or location.

Board member Tom Davis suggested a discussion between Bard Valley Agricultural Dischargers and Regional Water Board staff be held regarding the location and time of the Board Meeting to accommodate stakeholders traveling from the Bard area.

Board member Buford Crites recommended reading an article published the Los Angeles Times titled *Governor Newsom's New Approach to Old Water Problems*.

9. Colorado River Basin Water Board Chair's Report

Chair Nancy Wright mentioned that draft federal bill HR 358 – California New River Restoration Act of 2019 (Vargas), was discussed at the Association of California Water Agencies conference. The draft bill contains a history of the New River and mentions the Colorado River Basin Water Board, and would task the U.S. Environmental Protection Agency with creating a new program to assist with projects, plans, and initiatives for the New River.

10. Closed Session

There was no closed session held, and no action was taken.

Adjournment

Meeting adjourned at 1:26 p.m.
