

REGIONAL BOARD MEETING

State of California
California Regional Water Quality Control Board
Colorado River Basin Region

BOARD MEETING AGENDA
May 15, 2019, 10:30 a.m.

ERRATA SHEET

ITEM NO. 2: National Pollutant Discharge Elimination System (NPDES) Permit and Waste Discharge Requirements for the City of Calexico, Calexico Water Pollution Control Plant – Calexico, CA, Imperial County (Renewal)

Various Pages/Sections

1. Editorial changes will be made to address incorrect pagination in Attachments A and C.

Attachment F:

1. Attachment F, IV, C, 3. Determining the Need for WQBELs for Priority Pollutants on page F-17: Change the paragraph as shown below:

“Based on the RPA, the discharge demonstrates reasonable potential to cause or contribute to an excursion above the water quality standard for selenium. **Except for selenium, the discharge from the Facility does not contain any of the 303(d)-List, impairing pollutants for the receiving water at detectable levels.** Based on current data, there is no longer any reasonable potential for cyanide to cause to an excursion above the applicable water quality standard.”
