Public Notice No. 7-09-20
June 3, 2009

**NOTICE OF REGIONAL WATER BOARD
STRATEGIC PLANNING WORKSHOP**

The California Regional Water Quality Control Board, Colorado River Basin Region (Regional Water Board), will be conducting a Strategic Planning workshop to develop and establish its vision, goals, and operating principles for the Region. The workshop is part of an on-going effort to develop and implement a strategic plan for the Regional Water Board. The workshop will include: reviewing the Regional Water Board's current strategic assumptions within the framework of the State Water Resources Control Board's current strategic plan; and examining present assumptions about work priorities, resource allocations, and needs to optimize protection of water quality and organizational performance. The workshop will be facilitated by academic staff from the University of California, Davis, Extension.

A quorum of the Regional Water Board members may be present. After receiving information in the workshop, the Regional Water Board members may provide further direction to staff regarding the strategic plans discussed in the workshop and future planning activities, but no final Board decision or final action will occur.

The workshop on the matter is scheduled as follows:

Date: June 16, 2009
Time: 10:00 a.m. – 4:00 p.m.
Location: California Regional Water Quality Control Board Office
73-720 Fred Waring Drive, Suite 100
Palm Desert, CA 92260

Even though the workshop is designed to encourage and facilitate a high level of interaction among the Regional Water Board members for establishing the overall goals, vision, and operating principles for the Region, public input into this effort is also welcomed. In addition, if you would like to submit written comments on this matter, please address them as follows:

Hilda Vasquez, Staff Services Manager I
California Regional Water Quality Control Board
Colorado River Basin Region
