To Interested participants:

**SUBJECT: EXTENSION OF DEADLINE TO FILE A LETTER OF INTENT TO PARTICIPATE IN A TECHNICAL ADVISORY COMMITTEE TO DEVELOP AND IMPLEMENT A CONDITIONAL PROHIBITION FOR AGRICULTURAL DISCHARGES WITHIN THE COACHELLA VALLEY**

On June 10, 2009, the Colorado River Basin Regional Water Quality Control Board (Regional Water Board) mailed you a **Notice of Invitation to Participate in a Technical Advisory Committee (TAC)** to assist the Regional Water Board to develop and implement a conditional prohibition proposed for agricultural discharges within the Coachella Valley (see enclosure). The Notice requested those persons interested in participating in the TAC to file a letter of intent with the Regional Water Board at the earliest practicable date, but no later than **July 25, 2009**.

The Regional Water Board has decided to extend the deadline for filing the letter of intent to **September 15, 2009**. Because the deadline for filing has been extended, the initial TAC meeting, originally scheduled for August 27, 2009, has been rescheduled to **October, 2009**.

If you previously filed a letter of intent to participate in this TAC, no further action from you is required at this time. However, if you have not filed a letter of intent, the Regional Water Board requests that you do so at the earliest practicable date, but no later than **September 15, 2009**. The Regional Water Board will contact by mail those who filed the letter of intent by this date to inform them whether they have been accepted to participate in the TAC. For those accepted into the TAC, the letter will also provide the exact date, time, and location for the October TAC meeting.

If you have questions, please call Theresa Kimsey at (760) 776-8971. Thank you for your attention to this matter.
