Palm Desert, CA 92260  
(760) 346-7491

Public Notice No. 7-09-29  
August 26, 2009

**NOTICE OF REGIONAL WATER BOARD WORKSHOP  
ON REGIONAL STRATEGIC PLANNING**

The California Regional Water Quality Control Board, Colorado River Basin Region (Regional Water Board), will be conducting a second workshop to finalize its vision, goals, and operating principles for the Region. The workshop on the matter is scheduled as follows:

Date: September 16, 2009

Time: 9:00 a.m. – 12:00 p.m.

Location: Regional Water Board Office  
73-720 Fred Waring Drive, Suite 100  
Palm Desert, CA 92260

A quorum of Regional Water Board members may be present at this workshop. However, no specific items of business will be discussed and no formal Board action will be taken at the workshop.

The September 16 workshop is part of a continuing effort to develop and implement a strategic plan for the Regional Water Board. The first workshop was held on February 17, 2009, and tasked the Board members with reviewing the Regional Water Board's current strategic assumptions within the framework of the State Water Resources Control Board's current strategic plan; examining present assumptions about work priorities and resource allocations; and identifying broad potential trends that could affect water quality in the future and organizational performance, including external factors in the environment and internal needs within the organization. The purpose of this second workshop is to complete those tasks. As with the first workshop, this workshop will be facilitated by academic staff from UC Davis Extension.

Even though this workshop is designed to encourage and facilitate a high level of interaction among the Regional Water Board members for establishing the overall goals, vision, and operating principles for the Region, public input into this effort is also strongly encouraged and welcomed. In addition, if you would like to submit written comments on this matter, please address them as follows:

Hilda Vasquez, Administrative Officer  
California Regional Water Quality Control Board,  
Colorado River Basin Region  
73-720 Fred Waring Drive, Suite 100  
Palm Desert, CA 92260

Any person who is disabled and requires special accommodations to participate in this workshop should contact Hilda Vasquez at (760) 776-8950 no later than five (5) days before the scheduled workshop. Please bring the foregoing to the attention of anyone you believe may be interested in this matter.
