DISCHARGES OF WASTEWATER INTO THE ALAMO RIVER IN VIOLATION OF BOARD ORDER
NO. R7-2008-0011; NPDES PERMIT NO. CA0104264**

BFD Asset Partners, LLC is the owner of Country Life Mobile Home and RV Park (MHRVP) and Victor Munoz, Wastewater Monitoring Services is the operator of the Wastewater Treatment Facility (hereinafter collectively referred to as the Discharger). The final effluent from the WWTP is discharged through Alder Drain, to Central Drain, to the Alamo River, and the Salton Sea.

The Assistant Executive Officer of the California Regional Water Quality Control Board, Colorado River Basin Region (Regional Water Board) issued Administrative Civil Liability Complaint No. R7-2009-0081 against the Discharger alleging that the Discharger violated its Monitoring and Reporting Program (MRP) by submitting monitoring data for E. coli and Enterococci prepared by a laboratory that was not certified by the California Department of Public Health. Pursuant to Section 13385(c) of the California Water Code, this Complaint proposes that the Discharger pay \$16,000 in Administrative Civil Liability.

Unless the Discharger agrees to waive its right to a Public Hearing on the matter, as provided by California Water Code Section 13323(b), the Regional Board will proceed with the Public Hearing as follows:

Date: March 18, 2010
Time: 10:00 a.m.
Location: City of Palm Desert

During the Hearing, the public and any other interested person may provide the Regional Board with comments on this matter. If the Discharger waives its right to the Hearing and pays the Administrative Civil Liability in full, a Hearing may not be held. Any settlement of this Complaint constitutes a proposed settlement and will not become final until after the completion of the 30-day public notice and comment period. Should the Regional Water Board receive new significant information or comments from any source during this comment period, the Assistant Executive Officer may withdraw the Complaint, return payment, and issue a new Complaint.
