Time: 9:00 a.m. – 12:00 p.m.  
Location: California Regional Water Quality Control Board

The purpose of the Workshop is for the Regional Water Board to receive informational updates on:

- Salton Sea restoration activities
- Environmental Justice and outreach and education
- New River Pollution from Mexico
- Regional Water Board office performance for State Fiscal Year 2014-2015

These informational updates were originally scheduled to be heard by the Regional Water Board at its regular January 14, 2016 public meeting, but were not able to be presented due to time constraints at that January meeting. Although this is just an informational workshop, members of the public are welcome and encouraged to provide comments or ask questions about any of the informational items listed above. In addition, members of the public may also present other issues that they would like the Regional Water Board to consider addressing in the future.

Accordingly, interested persons wishing to submit written comments on the Workshop are requested to do so as soon as possible, but no later than February 29, 2016, and to address them as follows:

Jose L. Angel, Interim Executive Officer

Interested persons are also invited to attend and express their views orally on this matter at the Workshop. To ensure the accuracy of the record, individuals with written statements for oral presentation are requested to submit their statements to Mr. Angel during or after the Workshop.

A quorum of Regional Water Board members may be present at the Workshop. However, no action will be taken by the Regional Water Board.

Any person who is disabled and requires special accommodations to participate in this Public Workshop should contact Hilda Vasquez at (760) 346-7491 no later than February 15, 2016.
