NOTICE OF PUBLIC HEARING

**PROPOSED SETTLEMENT AGREEMENT AND
STIPULATIONS FOR ADOPTION OF ORDER R7-2018-0027 (STIPULATED ORDER)**

**DESERT RECREATION DISTRICT
Palm Desert – Riverside County**

On August 10, 2017, in response to the June 3-4, 2017 unauthorized discharge of 3.921 million gallons of untreated wastewater and recycled water to the Whitewater River Storm Water Channel, the Assistant Executive Officer of the Colorado River Basin Regional Water Quality Control Board (Colorado River Basin Water Board) issued Investigative Order R7-2017-0027 pursuant to California Water Code (CWC) section 13267 to the Desert Recreation District (Discharger) regarding violations of the Clean Water Act, Section 301; CWC section 13376; the Colorado River Basin Water Board's Water Quality Control Plan (Basin Plan) and of the Colorado River Basin Water Board's General Waste Discharge Requirements Order 97-700.

The Colorado River Basin Water Board's Prosecution Staff subsequently met with the Discharger (collectively, the Parties) to engage in settlement negotiations. As a result, the Parties have agreed to settle the matter and intend to recommend to the Colorado River Basin Water Board that it adopt the proposed Stipulated Order at the September 20, 2018 meeting pursuant to Government Code section 11415.60. The Prosecution Staff believes that the resolution of the alleged violations is fair and reasonable and fulfills the Prosecution Staff's enforcement objectives, that no further action is warranted concerning the specific violations described in the proposed Stipulated Order, and that the Stipulated Order is in the best interest of the people of the state of California.

Accordingly, to resolve by consent and without further administrative proceedings all of the alleged violations of the California Water Code set forth in the Complaint, the Parties have agreed to the final imposition of \$571,302 in liability against the Discharger pursuant to Government Code section 11415.60. Prosecution Staff calculated liability in accordance with the Water Quality Enforcement Policy as described in Attachment A of the proposed Stipulated Order. Additional details concerning this proposed settlement are described in the proposed Stipulated Order. The settlement is contingent on Colorado River Basin Water Board approval.
