Pursuant to Water Code section 13301, the California Regional Water Quality Control Board, Colorado River Basin Region (Colorado River Basin Water Board or Board) may issue an order directing parties to cease and desist certain existing or threatened violations of a Water Quality Control Plan prohibition against discharges of waste. Such orders are referred to as Cease and Desist Orders (CDOs).

The Colorado River Basin Water Board has scheduled a hearing to consider issuance of the Tentative Order at its upcoming public meeting on **December 2, 2025**. At the hearing, the Colorado River Basin Water Board members will receive testimony regarding the alleged violations. At the hearing, the Board may: (a) issue the Tentative Order as a CDO, with or without modifications; (b) decline to issue the Tentative Order; or (c) continue the hearing to a later date.

***Designated Parties***

Parties to be designated in accordance with **Section E** herein.

**C. Ex Parte Contacts Prohibited**

To maintain the Colorado River Basin Water Board's impartiality, ex parte contacts are prohibited. (See, e.g., Gov. Code, § 11430.10 et seq.) Ex parte contacts are those communications that are directed at the Colorado River Basin Water Board members or the Advisory Team members, regarding the pending matter, and which are not communicated in a manner open to all other persons. Communications regarding non-controversial procedural matters are not considered ex parte contacts, and are therefore not restricted under this Hearing Procedure.

Hearing Date:  
December 2, 2025

To avoid ex parte contacts in pre-hearing communications, the Discharger' and their representatives should ensure that the Prosecution Team is copied on all written and email correspondence directed to the Advisory Team, and *vice-versa* (to the extent possible).

#### **D. Interested Persons (Non-Parties)**

The Colorado River Basin Water Board will consider written comments submitted by members of the public that are interested in the pending matter (Interested Persons). The parties to the proceeding will be permitted to submit formal written responses to Interested Person written comments. To allow for such responses, all written comments shall be submitted as early as possible, and in no case later than 5:00 pm on **October 21, 2025**.

Interested Persons will also be provided the opportunity to orally present general policy statements to the Colorado River Basin Water Board at the hearing. Such statements will be limited to **3 minutes** per Interested Person for this hearing, though the Board Chair may grant additional time on a case-by-case basis. Interested Persons do not need to submit written statements in order to speak at the hearing.

Unless they are formally recognized as a "Designated Party" per the Hearing Procedure, Interested Persons are not parties entitled to directly participate in the proceeding, except as provided above. Interested Persons will not be permitted to present evidence (e.g., photos, eyewitness testimony, etc.). They are also not subject to cross-examination, but may asked to respond to clarifying questions from the Colorado River Basin Water Board or the Advisory Team. Although the Board will consider oral and written comments from Interested Persons on matters of general policy, such comments are not admissible as evidence.

#### **E. Applications for "Designated Party" Status**

By default, the only parties to an adjudicative enforcement proceeding are: (1) the Prosecution Team; and (2) the Dischargers named in the proposed order. (See Gov. Code, § 11405.60; Title 23, § 648.1, subd. (a).) In some circumstances, however, it may be appropriate for certain Interested Persons to participate directly in the proceeding as a "Designated Party." (Gov. Code, § 11440.50, Title 23, § 648.1, subd. (a).) Such determinations shall be made discretionarily on a case-by-case basis by the Executive Officer, at the direction of the Board Chair.

To request "Designated Party" status, Interested Persons must submit a written request to the Advisory Team no later than 5:00 pm on **October 7, 2025**. The written request must include the following information:

Hearing Date:  
December 2, 2025

- (1) An explanation of how the issues to be addressed at the hearing substantially affect the person requesting Designated Party status (Applicant);
- (2) Why the Applicant believes that the Prosecution Team and Discharger(s) will not adequately represent their interests;
- (3) A summary of the evidence that the Applicant seeks to present at the hearing, including whether they seek to present their own witness testimony; and
- (4) Whether the Applicant seeks to cross-examine the other parties' witnesses.

The Advisory Team will promptly respond to all timely written requests for Designated Party status. The Advisory Team may request further information before the determination is made. A request for Designated Party status shall not be granted if, in the totality of circumstances, it appears that such designation will impair the interests of justice and the orderly and prompt conduct of the proceeding. The Executive Officer, at the direction of the Board Chair, may impose restrictions on the requestor's hearing participation, including limiting or excluding the use of cross-examination and other procedures to promote the orderly and prompt conduct of the proceeding. (Gov. Code, § 11440.50, subd. (c).)

In the event that "Designated Party" status is granted, this Hearing Procedure may be revised as appropriate.

#### **F. Pre-Hearing Submittals**

To avoid the introduction of surprise testimony and exhibits (Title 23, § 648.4, subd. (a)), and to minimize the need for oral argument and testimony at the hearing, this Hearing Procedure requires the parties to submit documentary evidence (§ 648.4, subd. (c)), witness information (§ 648.4, subd. (b)), and legal/technical memoranda to the Advisory Team prior to the hearing. Absent a showing of good cause and lack of prejudice to the parties, the Board Chair may exclude materials that are not submitted in accordance with this Hearing Procedure. Excluded materials will not be considered by the Board. (§ 648.4, subd. (e).)

**1. Pre-Hearing Submittals**

**a. Prosecution Team**

No later than **October 14, 2025**, the Prosecution Team shall upload the following Pre-Hearing Submittals via the Water Boards File Transfer Protocol (FTP), per the instructions below:

- (1) All documentary evidence supporting adoption of the proposed order, with each document separately designated as sequentially numbered exhibit (i.e., Exhibit 1, Exhibit 2, Exhibit 3, etc.). Each finding in the proposed order shall be supported by exhibits and/or witness testimony to be offered at the hearing.
- (2) [Optional] A memorandum articulating the Prosecution Team's legal arguments and technical analyses in support of the proposed order.
- (3) A Witness Information Sheet containing the name of each witness the Prosecution Team intends to call to testify at the hearing; the subject matter of their testimony and the estimated time required for each witness. If any of the proposed witnesses will be testifying as an expert (see Evid. Code, § 800 et seq.), the memorandum shall also include the witnesses' qualifications as an expert.
- (4) A table listing each document included as part of the submittal. The table shall include the following columns: *Document Title*; *Exhibit Number*; *Exhibit Date* (i.e., when the document was generated); and *File Name*.

The Prosecution Team need not include excerpts from the Water Quality Control Plan for the Colorado River Basin Region (Basin Plan) as an "exhibit." The Advisory Team will provide Board Members with copies of [Chapter 4, Section H.2.iii](https://www.waterboards.ca.gov/coloradoriver/water_issues/programs/basin_planning/docs/2023/rb7-basin-plan-e032023.pdf#page=64) of the Basin Plan ([https://www.waterboards.ca.gov/coloradoriver/water\\_issues/programs/basin\\_planning/docs/2023/rb7-basin-plan-e032023.pdf#page=64](https://www.waterboards.ca.gov/coloradoriver/water_issues/programs/basin_planning/docs/2023/rb7-basin-plan-e032023.pdf#page=64)) prior to the hearing.

No later than **November 11, 2025**, the Discharger shall submit the following materials to the Advisory Team:

- (1) Any additional documentary evidence that supports the Discharger's position with respect to the proposed order. These materials shall be separately designated as sequentially-numbered exhibits, starting with "Exhibit 1."
- (2) [OPTIONAL] A memorandum articulating the Discharger's legal arguments and technical analyses in support of their position(s) with respect to the proposed order.

Hearing Date:  
December 2, 2025

- (3) A Witness Information Sheet containing the name of each witness the Discharger intends to call to testify at the hearing; the subject matter of their testimony and the estimated time required for each witness. If any of the proposed witnesses will be testifying as an expert (see Evid. Code, § 800 et seq.), the memorandum shall also include the witnesses' qualifications as an expert.
- (4) A table listing each document included as part of the Discharger's submittal. The table shall include the following columns: *Document Title*; *Exhibit Number*; *Exhibit Date* (i.e., when the document was generated); and *File Name* (if submitted electronically).

The Advisory Team will provide the necessary log-in information directly to the Parties.

***Once it has uploaded its materials to the FTP site, the submitting party shall notify the Advisory Team and the other party via email, and identify each of the files that have been uploaded.***

**d. Formatting**

## **2. Rebuttal Evidence [All Parties; Optional]**

Notwithstanding the pre-hearing evidence submission deadlines specified above, the parties will be permitted to introduce additional evidence necessary to disprove or contradict evidence submitted by another party (Rebuttal Evidence).

By default, subdivision (f) of Title 23, section 648.4 permits parties to introduce Rebuttal Evidence for the first time during the hearing. However, the Hearing Procedure may waive this provision and require pre-submission of Rebuttal Evidence (Title 23, § 648, subd. (d).)

To maintain fairness, ensure orderly conduct of the proceeding, and avoid “surprise evidence” (see Title 23, § 648.4, subd. (a)), this Hearing Procedure requires that Rebuttal Evidence be submitted by **November 25, 2025**. The requirement to submit rebuttal evidence in advance of the hearing applies only to rebut timely-submitted written evidence; the Parties will have the opportunity to rebut oral testimony submitted at the hearing.

Rebuttal Evidence shall be submitted to the Advisory Team and to the other party via email ([David.Lancaster@WaterBoards.ca.gov](mailto:David.Lancaster@WaterBoards.ca.gov)).

## **3. Responses to Interested Party Written Comments [All Parties; Optional]**

The parties may elect to submit written responses to written comments from Interested Persons. All such responses must be submitted to the Advisory Team by **November 18, 2025**. This need not be accompanied by an updated index table. In lieu of a written response, the parties may also address such comments at the hearing.

These written responses shall be submitted to the Advisory Team and to the other party via email ([David.Lancaster@WaterBoards.ca.gov](mailto:David.Lancaster@WaterBoards.ca.gov)).

---

<sup>1</sup> Compliance will not be required if the submitting party lacks the necessary PDF software to add new header content, or if it would otherwise be impracticable to do so. #### **4. Summary Agenda Sheet [Advisory Team]**

Prior to the hearing, the Advisory Team shall prepare a Summary Agenda Sheet summarizing the ongoing controversies involved in the proceeding, and the positions taken by each of the other parties. Once finalized, the Summary Agenda Sheet will be posted online to the Colorado River Basin Water Board's [Tentative Orders](https://www.waterboards.ca.gov/coloradoriver/board_decisions/tentative_orders) webpage ([https://www.waterboards.ca.gov/coloradoriver/board\\_decisions/tentative\\_orders](https://www.waterboards.ca.gov/coloradoriver/board_decisions/tentative_orders)).

#### **5. Revised Tentative Order [All Parties, Optional]**

No later than **November 25, 2025**, the parties may submit, for Advisory Team review, a Revised Tentative Order incorporating any evidence that was submitted following issuance of the original. This submittal need not be accompanied by an updated index table. The Revised Tentative Order shall be submitted both as a Microsoft Word file and as a PDF.

The parties shall submit their Revised Tentative Order via email to the Advisory Team ([David.Lancaster@WaterBoards.ca.gov](mailto:David.Lancaster@WaterBoards.ca.gov)). Due to timing limitations, hard copies and mailings will not be accepted.

#### **6. Presentation Slides [All Parties; Mandatory If Slides Are Used]**

No later than **November 25, 2025**, the parties shall provide the Advisory Team with their presentation slides for use at the hearing. The Parties shall submit their presentation slides, as a PowerPoint file (or similar format) and PDF printout, via email ([David.Lancaster@WaterBoards.ca.gov](mailto:David.Lancaster@WaterBoards.ca.gov)).

### **G. Conduct of Hearing**

#### **1. Hearing Time Limits**

"Adjudicative proceedings shall be conducted in a manner ... deem[ed] most suitable to the particular case with a view toward securing relevant information expeditiously without unnecessary delay and expense to the parties and to the Board." (Title 23, § 648.5, subd. (a).) To that end, it has been determined that the following time limits shall apply to the Parties at the hearing.

Prosecution Team: **20 Minutes**

Discharger: **20 Minutes**

Hearing Date:  
December 2, 2025

The above time limits are based on the Advisory Team's review of the allegations within the Tentative Order, and based on experience in similar enforcement proceedings, and any input from the parties.

The parties may allocate their allotted time as they see fit between presenting evidence and testimony, cross-examining adverse witnesses, and making a closing statement. Discussions on procedural issues will not count against the parties' allotments. A timer will be used to track how much time has elapsed. This timer will be paused during Board questions and party responses to Board questions. Additional time may be provided at the discretion of the Board Chair (at the hearing), upon a showing that additional time is necessary.

## **2. Witness Testimony**

At the hearing, witness testimony shall be limited to those subjects previously specified in the Witness Information Sheet (see above). Upon request, the Board may permit testimony on additional subjects, provided that it will not result in undue prejudice to the other parties.

All witnesses who have submitted written testimony shall be available to appear during the hearing (to affirm that the testimony is true and correct), and shall be subject for cross-examination. The failure of a witness to be available during the hearing may result in the submitted testimony being treated as hearsay. (Title 23, § 648.4, subds. (d)-(e).)

All persons intending to testify at the hearing shall take the oath administered by the presiding officer. (Gov. Code, § 11513; Cal. Code Regs., tit. 23, § 648.5, subd. (a)(3).)

## **3. Rules of Evidence**

The proceeding shall be conducted in accordance with the provisions and rules of evidence set forth in Government Code section 11513. Hearsay shall be admissible as evidence, subject to the provisions of Government Code section 11513.
