II. CONCENTRATED ANIMAL FEEDING OPERATION CHARACTERISTICS

<table>
<thead>
<tr>
<th>A. TYPE &amp; NUMBER OF ANIMALS IN OPEN CONFINEMENT &amp; HOUSED UNDER ROOF</th>
<th>B. NO. OF ACRES FOR CONFINEMENT FEEDING</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. TYPE</td>
<td>2. NO. IN OPEN CONFINEMENT</td>
</tr>
</tbody>
</table>

YES (complete Items 1, 2, & 3 below)

NO (go to Section IV)

1. What is the design basis for the control system?

☐ a. 10 YEAR, 24-HOUR STORM

☐ b. 25 YEAR, 24-HOUR STORM

☐ c. OTHER

2. Report the number of acres of contributing drainage.

3. Report the design safety factor.

III. CONCENTRATED AQUATIC ANIMAL PRODUCTION FACILITY CHARACTERISTICS

A. For each outfall give the maximum daily flow, maximum 30 day flow, and the long term average flow.

<table>
<thead>
<tr>
<th>1. OUTFALL NO.</th>
<th>2. FLOW (gallons per day)</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. MAXIMUM DAILY</td>
<td>b. MAXIMUM 30 DAY</td>
</tr>
<tr>
<td>c. LONG TERM AVERAGE</td>
<td></td>
</tr>
</tbody>
</table>

B. Indicate the total number of ponds, raceways, and similar structures in your facility.

<table>
<thead>
<tr>
<th>1. PONDS</th>
<th>2. RACEWAYS</th>
<th>3. OTHER</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. RECEIVING WATER</td>
<td>b. WATER SOURCE</td>
<td></td>
</tr>
</tbody>
</table>

C. Provide the name of the receiving water and the source of water used by your facility.

D. List the species of fish or aquatic animals held and fed at your facility. For each species, give the total weight produced by your facility per year in pounds of harvestable weight, and also give the maximum weight present at any time.

<table>
<thead>
<tr>
<th>1. COLD WATER SPECIES</th>
<th>2. WARM WATER SPECIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. SPECIES</td>
<td>b. HARVESTABLE WEIGHT (pounds)</td>
</tr>
<tr>
<td></td>
<td>(1) TOTAL YEARLY (2) MAXIMUM</td>
</tr>
</tbody>
</table>

<table>

<td>(1) TOTAL YEARLY (2) MAXIMUM</td>
</tr>
</tbody>
</table>

E. Report the total pounds of food fed during the calendar month of maximum feeding.

| 1. MONTH | 2. POUNDS OF FOOD |

IV. CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this application and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

A. NAME & OFFICIAL TITLE (print or type)

B. PHONE NO. (area code & no.)

C. SIGNATURE

D. DATE SIGNED
INSTRUCTIONS

General

This form must be completed by all applicants who check "yes" to Item II-B in Form 1. Not all animal feeding operations or fish farms are required to obtain NPDES permits. Exclusions are based on size and occurrence of discharge. See the description of these statutory and regulatory exclusions in the General Instructions which accompany Form 1. In particular, for animal feeding operations, the size cutoffs depend on whether or not pollutants are discharged through a manmade device or by direct contact with the facility or animals. A facility for laying hens or broilers is not required to have a permit unless it has a liquid manure handling system or continuous overflow watering. Also, facilities which discharge only in the case of a 25 year, 24 hour storm event are not required to have a permit.

For aquatic animal production facilities, the size cutoffs are based on whether the species are warm water or cold water, on the production weight per year in harvestable pounds, and on the amount of feeding in pounds of food (for cold water species). Also, facilities which discharge less than 30 days per year, or only during periods of excess runoff (for warm water fish) are not required to have a permit.

Refer to the Form 1 instructions to determine where to file this form.

Item I-A

See the note above and the General Instructions which accompany Form 1 to be sure that your facility is "concentrated."

Item I-B

If your answer to Item VI of Form 1 does not give a complete legal description of your facility’s location, use this space to provide a complete description, such as quarter, section, township, and range.

Item I-C

Check “proposed” if your facility is not now in operation, or not now “concentrated” under the definition in the glossary found in the General Instructions which accompany Form 1.

Item II

Supply all information in Item II if you checked (1) in Item I-A.

ITEM II-A

Give the maximum number of each type of animal in open confinement or housed under roof (either partially or totally) which are held at your facility for a total of 45 days or more in any 12 month period.

Use the following categories for types of animal:

Slaughter Cattle; Feeder Cattle; Mature Dairy Cattle (milked or dry); Swine (each weighing over 55 pounds); Horses; Sheep; Lambs; Turkeys; Laying Hens; Broilers; Ducks.

* A permit is not required unless the facility has a liquid manure handling system or continuous overflow watering.

Item II-B

Give only the area used for the animal confinement or feeding facility. Do not include any area used for growing or operating feed.

Item II-C

Check “yes” if any system for collection of runoff has been constructed. Supply the information under (1), (2), and (3) to the best of your knowledge.

Item III

Supply all information in Item III if you checked (2) in Item I-A.

Item III-A

Outfalls should be numbered to correspond with the map submitted in Item XI of Form 1. Values given for flow should be representative of your normal operation. The maximum daily flow is the maximum measured flow occurring over a calendar day. The maximum 30 day flow is the average of measured daily flows over the calendar month of highest flow. The long term average flow is the average of measured daily flows over a calendar year.

Item III-B

Give the total number of discrete ponds or raceways in your facility. Under “other,” give a descriptive name of any structure which is not a pond or a raceway but which results in discharge to waters of the United States.

Item III-C

Use names for the receiving water and source of water which correspond to the map submitted in Item XI of Form 1.

Item III-D

The names of fish species should be proper, common, or scientific names as given in special Publication No. 6 of the American Fisheries Society, “A List of Common and Scientific Names of Fishes from the United States and Canada.” The values given for total weight produced by your facility per year and the maximum weight present at any one time should be representative of your normal operation.

Item III-E

The value given for maximum monthly pounds of food should be representative of your normal operation.

Item IV

The Clean Water Act provides for severe penalties for submitting false information on this application form.

Section 309(c)(2) of the Clean Water Act provides that “Any person who knowingly makes any false statement, representation, or certification in any application . . . shall upon conviction, be punished by a fine of no more than $10,000 or by imprisonment for not more than six months, or both.”

Federal regulations require the certification to be signed as follows:

A. For corporation, by a principal executive officer of at least the level of vice president;

B. For a partnership or sole proprietorship, by a general partner or the proprietor, respectively; or

C. For a municipality, State, Federal, or other public facility, by either a principal executive officer or ranking elected official.

Paper Reduction Act Notice

The Public reporting burden for this collection of information estimated to average 6 hours per response. This estimate includes time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information to the chief, Information Policy Branch (PM-223), US Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, and the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503, marked Attention: Desk Officer for EPA.
