

FEBRUARY 2007

Applicant:

Coachella Valley Water District (CVWD)

Project Name:

Mid-Valley Pipeline

Receiving Water:

Coachella Valley Stormwater Channel (CVSC)

Location:

The Project is located within the cities of La Quinta, Indio, Palm Desert and Indian Wells, Riverside County, CA.

Sections 15, 19, 21, 22, 23, 24, 28 and 29 of Township 5 South, Range 6 East and 7 East, SBB&M

The eastern end of the pipeline begins at 33° 44' 05.77" N Latitude by 116° 14' 38.41" W Longitude and extends to 33° 44' 02.65" N Latitude by 116° 21' 17.71" W Longitude at the western end of the pipeline.

Project Description:

CVWD proposes to construct a water conveyance pipeline in the invert and bank of the CVSC along a 7-mile reach within the cities of Indio, Palm Desert, La Quinta and Indian Wells. The mortar-coated steel 54-inch diameter pipeline will convey Coachella Canal water to CVWD Water Reclamation Plant No. 10 and subsequently to local golf courses. The proposed project will reduce the reliance on local groundwater thereby reducing groundwater overdraft. CVWD proposes to use trench excavation and to jack and bore under eight crossings.

Action:

Pending
