Project Name:

Union Pacific Railroad - Milepost (MP) 676.44 Improvement Project on the Yuma Subdivision

Receiving Water:

Unnamed drainage, tributary to the Alamo River, tributary to the Salton Sea.

Location:

City or area: Iris, Imperial County, California
Longitude/ Latitude: 33°10'55"N/ 115°22'28"W
Township/Range: T 11 S/ R 15 E/Section 26

Project Description:

Union Pacific Railroad (UPRR) plans to install a new bridge near the town of Iris in Imperial County, California. The new bridge has been sized to meet or exceed the required conveyance capacity, based on a review of the 50-year and 100-year flood events, and will accommodate a future second mainline track.

The bridge will be approximately 150 feet long and span the width of the existing channel to accommodate future storm events and uphold a future second mainline track. The bridge will be made of prestressed concrete box girders. Riprap will be placed upstream of the new bridge.

Action:

Pending
