Project Name:

Caltrans - SR 111 Reconstruction of Salt Creek Bridge, WDID No. 7A333131001

Receiving Water:

Salt Creek which leads to the Salton Sea

Location:

City or area: North Shore of Salton Sea, Riverside County, California. Longitude/
Latitude: -115.84403 / 33.44652
Township/Range: Township 8 South, Range 11 East, San Bernardino Base Meridian,
Section 28

Project Description:

- Upgrade the bridge to contain lane and shoulders to current design standards.
- Re-grade slopes surrounding the bridge to correct deep scouring by storm water with gravel mulch and pockets of rock slope protection.
- Install upgraded Metal Beam Guard Rail (MBGR)
- Rock slope protection will be replaced in-kind along the bridge abutments.
- Reconstruct new bridge footings, removing 8 old rectangular piles to 6 new cylindrical piles.
- A retaining wall will be constructed along the newly widened road to support it, as an alternative to widening the base of the abutments.
- Re-vegetate the area for natural habitat disturbance due to project work.

Action:

Pending
