Project Name:

Milpitas Wash Project, WDID NO. 7B133040001

Receiving Water:

Milpitas Wash, a tributary to the Colorado River

Location:

The project is located within the Milpitas Wash, approximately 0.5 mile south of the intersection of Milpitas Wash Road and SR-78, near the community of Palo Verde in Imperial County, California

Longitude/Latitude:

Ephemeral Drainage: Longitude 33.277739, Latitude -114.784586

Ephemeral Drainage: Longitude 33.279025, Latitude -114.782858

Township/Range: Township 10 South, Range 21 East, San Bernardino Base Meridian

Project Description:

Approximately 35 feet of the pipeline has been exposed and approximately 20 feet is suspended along the northeastern bank of the Milpitas Wash due to scour and lateral bank erosion following an August 2014 storm event. The project will lower the pipeline and reinforce the bank to prevent future exposure.

The project involves the replacement of an approximately 260-foot-long segment of 30-inch natural gas pipeline in the Milpitas Wash in Imperial County, California.

Proposed Schedule (Start-up, duration, and completion dates):

The work is scheduled to be performed between November 1, 2016 to February 1, 2017.

Action:

Pending
