Project Name:

Holtville-Alamo River Wetlands Construction Project
WDID No. 7A133152001 (RM: 413244, Place ID: 835230)

Receiving Water:

The Alamo River tributary to the Salton Sea

Location:

City or area: Holtville, Imperial County, California
Longitude/ Latitude: W 115° 23' 57.66"/ N 32° 48' 59.86"

Project Description:

The proposed Project consists of:

- The United States Bureau of Reclamation has issued funding to the City of Holtville to construct the Holtville-Alamo River project, which is a treatment project.
- The Holtville wetlands project will demonstrate the effectiveness of treatment wetlands to improve the water quality of the Alamo River.
- The project is expected to improve the water quality, create valuable wetland wildlife habitat, provide recreational benefits, and reduce contaminants entering the Salton Sea.

Proposed Schedule (Start-up, duration, and completion dates):

The work is scheduled to be performed between 10/24/2017 - 03/24/2018. Duration: 5 months.

Action:

Pending
