Project Name:

Painted Hills Wind Energy Repowering Project
WDID No. 7A333201001 (RM: 429258, Place ID: 856757)

Receiving Water:

Whitewater River

Location:

City or area: Approximately 10 miles NW of Palm Springs, Riverside County, California
Longitude/ Latitude: W 116° 37' 28.9"/ N 33° 56' 18.1"

Project Description:

The proposed Project consists of:

- Decommissioning and removing 291 existing wind turbines from the area and replacing them with 14 new, 499-foot wind turbines
- Installing 2 permanent and 3 temporary 499-foot tall meteorological towers
- Pads for tower and turbine bases
- Internal road improvements and temporary widening of some roads during construction. All roads will be returned to a 16-foot width after construction
- New electrical collection system, either connecting to the existing infrastructure (12 kV to 115 kV collector substation) or to a new substation (34.5 kV to 115 kV collector substation)

Proposed Schedule (Start-up, duration, and completion dates):

The work will take place between the Third Quarter of 2019 and the Third Quarter of 2020
Duration: 1 year

Action:

Pending
