

Continuing Education Providers

In order to renew your certification, you must submit proof of completion for the number of continuing education contact hours as listed below. Acceptable drinking water courses must have been completed **within the past 3 years** of the Due Date listed on your renewal and not used on a prior renewal. You may use your contact hours for both distribution and treatment renewals.

	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
Number of Required Contact Hours	12 Hours	16 Hours	24 Hours	36 Hours	36 Hours

The following is a list of providers that offer Continuing Education contact hours. This is not a complete list. Other continuing education providers and courses are available. Click on a provider's name for contact information. You may then contact the training provider directly for class availability, locations, costs, and contact hours awarded. **Be aware that some providers offer a variety of courses and not all courses are acceptable for continuing education contact hours for Drinking Water Treatment or Distribution!** Only subject matter related to drinking water treatment, distribution, or safety is acceptable.

Please note, one Continuing Education Unit (CEU) equals 10 contact hours. For example, a 1.8 CEU class is worth 18 contact hours. A .3 CEU class is worth 3 contact hours.
