Reciprocity

The Board can grant certification through reciprocity to operators who hold a valid water treatment or distribution certificate issued by another State. Reciprocity is offered for Grades 1 through 3 for both water treatment and distribution.

In order to receive certification through reciprocity you must submit the following items.

1. The reciprocity application completely filled out and signed.
2. The application fee payable to SWRCB/DWOCP, (fee is listed on the application)
3. A copy of the water treatment or distribution certificate from another State
4. Copies of certificates of completion for any water treatment or distribution courses you attended that are at least 36 contact hours long.
5. For Grade 3 certification you must provide; A copy of the utility organization chart which notes the employee names and position titles and a copy of the utility’s official job description (for the position you hold/held) outlining duties performed

The Board will compare your education and experience to that required for certification as a water treatment or distribution operator in California to make a determination. If your education and experience is equitable to the California requirements you will receive certification. Be sure to fill out the application completely.
