BACTERIOLOGICAL MONITORING VIOLATION FOR THIRD QUARTER 2017 AND SECOND QUARTER 2018, WATER SYSTEM NO. 3700858

Dear Mr. Doyle,

Pursuant to California Health and Safety Code (HSC), Section 116650, the San Diego County Department of Environmental Health, Local Primacy Agency (LPA) for Small Drinking Water Systems is issuing this Citation to the Shady Oaks Trailer Ranch for a water quality monitoring violation of the California Safe Drinking Water Act.

VIOLATION: Title 22, California Code of Regulations (CCR), §64423, §64423.1, and §64465

According to Department of Environmental Health (DEH) records, this water system has failed to conduct required bacteriological monitoring during the 3rd Quarter of 2017 and 2nd Quarter of 2018 and/or failed to provide testing results to DEH by the tenth (10th) day of the month following the sampling period.

Pursuant to Title 22, CCR, §64423 the water supplier shall collect the minimum number of routine bacteriological samples for public water systems quarterly. Furthermore, the results for a system collected in a calendar month shall be reported to the LPA not later than the tenth day of the following month (§64423.1). Public notification for failure to conduct required bacteriological monitoring shall be provided pursuant to §64465.

DATE(S) OF VIOLATION: July 1, 2017 – September 30, 2017
April 1, 2018 – June 30, 2018

"Environmental and public health through leadership, partnership and science"
DIRECTIVE(S):
To ensure a reliable supply of pure, wholesome, healthful and potable water to all customers, the LPA hereby directs the following:

1. By December 8, 2018, provide Tier 3 Public Notification (template attached) of the missed bacteriological monitoring to all consumers of the Shady Oaks Trailer Ranch Water System.

2. By December 15, 2018, provide the LPA confirmation of public notification for the missed bacteriological monitoring.

3. Ensure all bacteriological monitoring is conducted in accordance with Title 22, CCR, §64423 in future monitoring periods, and results of routine bacteriological results are reported to the LPA by the 10th day of the month following receipt of results from the laboratory.

No civil penalty is being assessed at this time; however, the LPA requires reimbursement of Three Hundred and Six ($306) Dollars in enforcement labor costs incurred to prepare, issue, and monitor compliance with this Citation as specified under Section 116577 of the California Health and Safety Code. See attached invoice.

Please be aware that a failure to comply with the directives and timeframes dictated by this Citation may result in additional enforcement action, including the assessment of additional civil penalties as specified under Sections 116650, 116725 and 116730(a) of the California Health and Safety Code.

Any person who is aggrieved by a Citation issued by the LPA may file a petition with the State Water Resources Control Board (State Water Board) for reconsideration of the citation. Petitions must be received by the State Water Board within 30 calendar days of the issuance of the citation. The date of issuance is the date when the LPA mails or serves a copy of the citation, whichever occurs first. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day. Petitions must be received by 5:00 p.m. Information regarding filing petitions may be found at:
